

## Modern Slavery Prevention Road Map

Improving transparency in our operations and supply chains

2025	2026	2027	2028	2029
Reporting	Engagement	Education	Refinement	Research
Embed annual reporting requirements into operational activities and refresh the annual Modern Slavery Statement	Extend on previous supplier engagement and analysis to identify critical suppliers and reduce the number of high- risk suppliers	Review existing resources and develop further tools to support Staff, Students and Suppliers to identify potential instances of modern slavery	Incorporate government guidance material and sector learnings into prevention activities with the aim of achieving best practice	Investigate potential preventative measures and key intervention strategies for people at risk of modern slavery
