## The Placement Evaluation Tool (PET) (Midwifery Student)

Citation: In publications please cite <https://bmcnurs.biomedcentral.com/articles/10.1186/s12912-020-00491-1> noting that this paper reports outcomes from nursing placements

### Introduction

This survey has been designed to enable you, as a midwifery student, to evaluate your placement experience. Please rate your experience and feel free to add comments at the end of the form. This feedback will enable quality improvements with benefits to educators and students

**Student name:** \_\_\_\_\_

**Placement name:** \_\_\_\_\_

**Placement dates:** \_\_\_\_\_

*Use this scale to rate question items about your placement experience:*

Strongly disagree	Disagree	Neither agree or disagree	Agree	Strongly agree
1	2	3	4	5

***Please circle the choice that best matches your opinion about your placement experiences.***

*If you were in rostered placement rate the unit. If you were placed in a Continuity of Care model provide an overall rating of the health facility/service you were placed in.*

	Rating				
	1	2	3	4	5
1. I was fully orientated to the placement					
2. Staff were willing to work with students					
3. Staff were positive role models					
4. Staff were ethical and professional					
5. Staff demonstrated respect and empathy towards women					
6. Women's safety was fundamental to the work of the unit(s)					
7. I felt valued during this placement					
8. I felt safe in the placement (e.g. physically, emotionally, culturally)					
9. This placement was a good learning environment					
10. My supervisor(s) helped me identify my learning objectives/needs					
11. I was adequately supervised in the placement					
12. I received regular and constructive feedback					
13. I was supported to work within my scope of practice					
14. My supervisor(s) understood how to assess my clinical abilities					
15. I had opportunities to enhance my skills and knowledge					
16. I had opportunities to interact and learn with the multi-disciplinary team					

17. I achieved my learning objectives	1	2	3	4	5
18. I have gained the skills and knowledge to further my practice	1	2	3	4	5
19. I anticipate being able to apply my learning from this placement	1	2	3	4	5

<b>20. Overall, I was satisfied with this placement experience.</b> (Decide your overall rating on a scale of 1-10) <i>(1 being very dissatisfied, 10 being extremely satisfied)</i>	1	2	3	4	5	6	7	8	9	10
--	---	---	---	---	---	---	---	---	---	----

**Please feel free to add additional comments about your placement experience:**
