

EDM5014 Professional Experience Placement Guidelines

The expectations of the program vary for each year and placement. This section provides details of preservice teacher activity required during the Professional Experience Placement scheduled for the year and aligns these expectations with the Australian Professional Standards for Graduate Teachers.

Professional Experience context: Semester 1 (First Semester), 20-day supervised Kindergarten placement

The course provides early childhood preservice teachers with the opportunity to develop an understanding and awareness of key features and themes of early childhood curriculum, frameworks and approaches and how these documents can inform pedagogical decision-making. The course provides opportunities for preservice teachers to engage with and apply key learning to practice. Preservice teachers will participate in professional conversations and personal reflection as a way of improving practice. Preservice teachers will also investigate educative and interactive strategies required for the facilitation and support of successful transitions for children and families across learning contexts.

Required experiences:

Throughout this Professional Experience placement, it is expected that the preservice teacher will have **daily experience** in the following areas (unless otherwise stated). Literacy and numeracy standards as well as professional ethics and conduct as required by the profession are an inherent requirement of this Professional Experience placement.
