The University of Southern Queensland acknowledges the First Nations of southern Queensland and their ongoing connection to Country, lands, and waterways. Further, we recognise Aboriginal and Torres Strait Islander peoples as the first educators and researchers of Australia. We pay deep respect to Elders past and present.

**Professor Karen Nelson**  
Vice-Chancellor

The University of Southern Queensland has a proud tradition of engaging with our students to provide a meaningful and transformative educational experience. We leverage a safe and welcoming community to deliver high-quality education through flexible and supportive learning environments. Our aim is for you to learn from passionate and dedicated educators who lead their fields, to connect with industry, and to equip yourself for the workforce of the future.

The University has a bright future, striving continually to innovate and advance our academic programs to ensure the best experiences for our students. We are excited to welcome you to the University of Southern Queensland, and look forward to supporting you to turn ambition into action as we work together to make a difference.

**Professor Ren Yi**  
Pro Vice-Chancellor (International)

As the PVC International, I lead the University of Southern Queensland's International strategy, driving our University to excel in the delivery of international education, and placing international students at the centre of our diverse Australian community. We are ranked by Times Higher Education as a Top 351–400 university worldwide, and we rank 58<sup>th</sup> in the Young University Rankings. The University of Southern Queensland is a research-intensive university which delivers high-quality and impactful research with our network of global partners. The University of Southern Queensland is constantly striving for excellence; we are recognised as a QS 5-Star university, and a national leader in international student satisfaction and graduate starting salaries.

We will help to inspire you to engage and succeed in your studies, and go on to achieve incredible outcomes in your future endeavours. Build your capabilities and capacity with us while you discover new friends and create amazing memories in Australia. This is your opportunity to be who you always dreamed of being.

My team and I look forward to supporting your educational journey with the University of Southern Queensland.

# Your UniSQ experience

While everyone's study journey is different, all UniSQ students are empowered to put ambition into action and reach their full potential. Enhance your study experience by taking advantage of opportunities in and out of the classroom. This is your place to be inspired for your future career.

## Orientation

Find important campus information and explore the range of services and study support options. Engage with lecturers, staff, and fellow students as you familiarise yourself with UniSQ. Enjoy the experience and get ready for your rewarding academic journey.

## Experience student living

Choose from one of our three residential colleges at UniSQ Toowoomba, live just 100 metres from UniSQ Springfield at The Education City Residential Village, or let our friendly team help you find off-campus accommodation conveniently located near UniSQ Ipswich.

## Access career advice

Receive one-on-one career counselling and guidance. Work with our friendly team and experienced industry professionals to set goals, build your employability skills, and learn how to excel in job interviews.

## Embrace life

Join a club, society, sporting team, or leadership program – there is so much more to university than studying. Whether you're an on-campus or online student, we have activities, events, and programs to help you develop skills, engage with others, and enrich your experience.

## Get help when you need it

If you've got a question, the iConnect team will help you find the answer. Access support from anywhere – our team is available via chat, email, phone, or face-to-face.

# Locations

## UniSQ Toowoomba

Explore UniSQ's founding campus with state-of-the-art facilities and a welcoming atmosphere.

UniSQ Toowoomba features the beautiful Japanese Garden, art gallery, an award-winning library, an A320 airliner flight simulator, and three on-campus residential colleges. We are also proud to have Queensland's only professional astronomical research facility located near Toowoomba.

Free parking

Counselling and wellness support

Tennis centre

Sporting and social clubs

Cafes

Post office

24-hour gym

90 mins from Brisbane

## Toowoomba

Queensland's largest inland city with a vision set on the future.

Toowoomba is Australia's second-largest inland city with a population of approximately 180 000. Toowoomba is a thriving regional centre offering a diverse economy and the best of urban and regional environments. With a relaxed lifestyle and family-friendly atmosphere, Toowoomba is a great choice for those wanting to pursue their career goals.

### Learn more

Explore the facilities and campus at  
[unisq.edu.au/toowoomba](https://unisq.edu.au/toowoomba)

## UniSQ Springfield

**A nexus of innovation, offering state-of-the-art facilities.**

As a hub for digital production and performance, UniSQ Springfield boasts a professional television studio, radio station, and rehearsal spaces. The campus is also home to a world-class Boeing 737-800 flight simulator – the first of its kind in Queensland – as well as innovative science and engineering labs, and collaborative teaching rooms.

Free parking

Cafes

Residential village

Gym

35 minutes from Brisbane and Ipswich

Less than one hour from the Gold Coast

## Springfield

**Explore the heart of the Education City, shaping a model for the future.**

Springfield offers a diverse selection of residential areas and a rich blend of educational, recreational, and retail opportunities, making it a great choice when considering which Brisbane university to choose. With a population of over 26 000, Springfield is emerging as one of the most dynamic urban growth areas in Queensland.

[unisq.edu.au/springfield](https://unisq.edu.au/springfield)

## UniSQ Ipswich

**Experience historic architecture and purpose-built facilities.**

The facilities at UniSQ Ipswich will develop your skills and confidence. Experience real-life scenarios with our Legal Clinic, Psychology and Counselling Clinic, and Exercise Physiology Clinic. Practise your skills in our paramedical training facilities, clinical nursing laboratories, Midwifery Simulation Centre, and moot court.

Free parking

Gym

Cafe

Counselling and wellness support

Library

45 minutes from Brisbane

## Ipswich

**Home to the youngest demographic in South East Queensland.**

Ipswich is centrally located in the booming South East Queensland region of Australia. The city combines heritage charm with the benefits of a modern, exciting metropolitan lifestyle. It's Queensland's fastest-growing city, and also home to the youngest demographic in greater Brisbane. Ipswich is a diverse and multicultural city, with residents from over 115 different countries.

## Bachelor of Arts

Curate a qualification that will prepare you for a well-rounded future. UniSQ's Bachelor of Arts lets you tailor your study to your interests. With more than 30 discipline areas to choose from, you can mix and match a diverse range of majors and minors. Our courses are designed to meet employment demands – from your first year you will gain practical experience and be supported in setting career goals.

UniSQ has many renowned staff, including some of the most prominent Australian archaeologists.

# Aviation

Aviation  
Management

Flight Operations

I can see myself  
working as a ...

pilot, flight operations  
team member,  
air traffic controller,  
flying instructor,  
air safety investigator,  
or aviation safety  
regulator.

Be in demand. The  
global commercial  
aeroplane fleet is  
expected to double  
by 2042, creating  
demand for nearly 2.3  
million new aviation  
personnel (Boeing,  
2023).

Elevate your aviation  
education with our  
Flight Operations  
major! Immerse  
yourself in cutting-  
edge Boeing 737-800  
and Airbus A320  
simulators, designed  
to enhance your  
learning experience  
and prepare you for a  
successful career in  
the skies.

## Master of Business

UniSQ's Master of Business is designed to set you apart. Choose from a range of specialisations, from the traditional pillars of business, such as human resources; to more emergent areas of focus, such as managing cyber risk. Regardless of whether you have just graduated with a bachelor degree, or are an experienced professional with existing business expertise, in the Master of Business you will develop the skills to operate in an increasingly complex and digitised business environment.

## Master of Business Administration (MBA)

UniSQ's accelerated Master of Business Administration (MBA) is built for ambitious professionals ready to lead. Delivered through 8-week teaching periods with no exams, the program focuses on real-world projects, industry-relevant assessments, and practical leadership development. You'll gain the strategic insight to drive innovation in your organisation, explore global trends shaping the future of business, and graduate with outcome-focused skills designed for executive impact.

Engagement opportunities with industry leaders and organisations.

UniSQ is rated 5/5 stars for overall educational experience and student support in Business and Management (Good Universities Guide, 2025).

Agricultural Engineering

Civil Engineering

Electrical and Electronic Engineering

Instrumentation Control and Automation Engineering

Mechanical Engineering

Mechatronic and Robotic Engineering

Mining Engineering

I can see myself working as a ...

systems-based, agricultural, civil, electrical, mechanical, mechatronic, robotics, or mining engineer, or as an operational engineering technologist, or engineering associate.

## Associate Degree of Engineering

Our Associate Degree of Engineering will help you get ready to take on any operational environment. Upon graduating you'll be trained in project implementation, operations and maintenance activities, prototype development, and problem-solving. A significant proportion of your degree will involve project-based learning with industry connections, and aligns with the United Nation's sustainable development goals. Be accredited with Engineers Australia, and become an Engineering Associate by applying for a membership after you graduate.

'I read that you would get to explore all areas of the engineering field in your first year to allow you to take charge of your own career, so I knew it was the right choice for me. This year has been spent investigating all of the basic engineering principles along with the skills of design and systems improvement.'

## Bachelor of Engineering (Honours)

Our Bachelor of Engineering (Honours) degree provides you with the opportunity to apply your knowledge through practical work experience and includes an exciting final-year research project to give you industry experience. Graduates will be eligible to apply for membership with Engineers Australia as a graduate Professional Engineer and for chartered status as a Professional Engineer.

## Bachelor of Engineering Technology

Our Bachelor of Engineering Technology will prepare you to design, construct, and manage engineering projects while mastering the latest industry tools. You'll undertake project-based courses that offer practical experience and industry connections to support your career development. Throughout your studies, you'll learn to align engineering solutions with the United Nation's sustainable development goals, gaining the skills to help solve global challenges and contribute to a more sustainable future.

AUD 16 million dollar Agricultural Science and Engineering Precinct home to UniSQ-led research.

Be financially secure. Engineering is within the top five professions for highest graduate salary (QILT, 2024).

Rated 5/5 stars for undergraduate full-time employment in Engineering and Technology (Good Universities Guide, 2025).

## Graduate Certificate of Professional Engineering

The Graduate Certificate of Professional Engineering is a great way to get started in further study, or enhance your existing skills in your current field. Build upon your existing engineering qualifications with unique specialisations. Professional engineers can use this degree to extend their accredited areas of practice, or fulfil their Engineers Australia professional development requirements, all while receiving a postgraduate qualification.

Degree						IELTS	CRICOS

## Master of Professional Engineering

The Master of Professional Engineering is ideal if you want to become a professional engineer, and have a three-year engineering degree but no work experience. Gain hands-on practical lab and industry experience to prepare you for working in the engineering profession. Apply your study knowledge to a real-world problem in your research project – a great stepping-stone to further research degrees, including your PhD.

Advance your knowledge and career at UniSQ – the university ranked number one in Queensland for engineering graduates in full-time employment (QILT, 2023).

It's estimated Australia will need an additional 60 000 engineers by 2035 (Engineers Australia).

'I found that UniSQ's courses are significantly relevant to my background and future career path. The specialisation courses will give me a better understanding of the working principles in mechanics.'

## Master of Cyber Security

Blend management and technical skills to progress your career. Gain globally transferable skills and the technical expertise to safeguard digital assets in an increasingly connected world. A hands-on capstone research project enables you to work with industry and apply theory to practice in a collaborative, laboratory environment at UniSQ or in your own workplace. You'll use real-world data and state-of-the-art software to solve industry-specific problems.

## Master of Information Technology

UniSQ's Master of Information Technology aims to provide students from any discipline with the opportunity to expand their current knowledge to meet the needs of their chosen profession or industry. Gain the advanced technical and analytical skills required to work as a professional in a range of work settings.

# #1

in Queensland for student support in computing and information systems (Good Universities Guide, 2025).

Rated 5/5 stars for undergraduate learning resources and overall education experience in computing and information systems degrees (Good Universities Guide, 2025).

## Bachelor of Nursing

Our Bachelor of Nursing aligns with current Australian professional nursing standards of practice and prepares you as a registered nurse in hospitals, community settings, mental health settings, GP practices, clinics, rural and remote health services, and aged care facilities across Australia and the world. Almost 50 percent of this degree is devoted to clinical practice in UniSQ's on-campus simulation wards or in healthcare settings, such as large metropolitan hospitals, mental health services, regional healthcare services, aged care settings, community health services, specialty clinics, and rehabilitation centres.

## Bachelor of Paramedicine

Our Bachelor of Paramedicine has been designed by leading medical and paramedic staff involved in pre-hospital emergency care. Gain specific skills that are unique to being a paramedic, and be trained in the areas of assessment, analysis, decision making, and working in difficult situations.

## Master of Public Health

Prepare for the emerging healthcare challenges of the 21<sup>st</sup> century and study a Master of Public Health. Make an impact in local and global communities' wellness by addressing social, cultural, economic, and environmental determinants of health. Develop your analytical, research, and communication skills and undertake public health practice in the community.

'I chose to study nursing because of my passion for helping others. Nursing offers a rewarding career where I can make a positive impact and help others every day.'

**Victor**  
Bachelor of Nursing

Learn in world-class simulation facilities. UniSQ's Midwifery Simulation Centre enables real-life scenarios, from the birth of a baby, to obstetric and neonatal emergencies.

With a high ratio of placement hours, you can gain practical skills to ensure you're ready for whatever work brings.

UniSQ researchers work with the Cancer Council Queensland and Prostate Cancer Foundation Australia to improve cancer survivorship and quality of life for regional Queenslanders.

Counselling

Psychology

Social Work

I can see myself working as a ...

psychologist, social worker, counsellor, human services professional, mental health practitioner, support worker, child safety officer, youth worker, or community development professional.

## Bachelor of Psychology (Honours)

Do you want to work as a psychologist? UniSQ's Bachelor of Psychology (Honours) is developed specifically for those of you who wish to become practitioners. This degree places a heavy emphasis on developing both research and professional skills, including a deep understanding of the ethical principles that inform psychological practice. Throughout the degree, you will be involved in research projects and in activities that foster psychological professional skills. By the end of your degree, you will have had exposure to treatment regimens and experience in the interpretation of psychological tests.

'The flexibility of study at UniSQ is brilliant and the lecturers are very friendly and want you to succeed.'

## Master of Clinical Psychology

Our Master of Clinical Psychology provides advanced training in psychological assessment and clinical intervention, and has been developed for students wishing to gain registration as a psychologist with an area of practice endorsement in clinical psychology. Learn high-level clinical skills to become prepared for entry into the clinical registrar program leading to clinical endorsement.

## Master of Social Work (Qualifying)

Develop effective communication, creative thinking, and solution-based skills and get 1000 hours of hands-on experience during field placements to prepare you for professional practice. Graduates can work clinically with individuals and families or in counselling, advocacy, community engagement, disability services, social action, and international development.

Benefit from professional placements. Work-integrated learning allows you to gain real-life experience in diverse service, community, and welfare settings.

## #1

in Australia by our Psychology students for learning resources and skill development (Good Universities Guide, 2025).

Social workers are also highly in demand, with the occupation listed in the 2023 Skills Priority List (Jobs and Skills Australia, 2023).

## Master of Science

The Master of Science allows you to gain professional development in science according to individual interests, needs, and prior study. With an opportunity to combine coursework and research, UniSQ's Master of Science is ideal if you're a professional who would like to further your knowledge and expertise, change your career, or if you have a degree in a different discipline. Choose from a range of specialisations, from Agricultural Science to Environment and Sustainability, to develop your professional skill set and assist in career progression.

UniSQ is one of only six lead Australian Trailblazer universities, and spearheads space manufacturing research that is of national priority through the iLAUNCH hub.

## Top 2

UniSQ is one of two universities in the world that is recognised by the United Nations (UN) Integrated Drought Management Program as having global leadership in drought research.

## NASA

UniSQ hosts the only ground-based support in the Southern Hemisphere for NASA's Transiting Exoplanet Survey Satellite mission.

The academic staff in mathematics, physics, and computing were incredibly supportive, knowledgeable, and passionate about their courses.

Construction Management

Geographic Information Systems (GIS)

Surveying

Urban and Regional Planning

I can see myself working as a ...

surveyor, construction project manager, town planner, or spatial analyst.

## Bachelor of Construction (Honours)

Construction is one of Australia's fastest-growing industries and should continue to expand. Large infrastructure projects cost millions of dollars and take years to complete, so the need for construction managers to handle project time frames and budget is critical. The Bachelor of Construction (Honours) gives you skills to apply your expertise of engineering solutions to construction problems and work in some of the world's most influential industries. UniSQ offers industry-based practical experience that allows you to put your study into practice.

Become a leader in construction within the built environment, design geographic information systems like Google Maps, or hone your skills in 3D mapping in urban and regional planning.

Construction managers are within the top-five most in-demand jobs nationally (Jobs and Skills Australia, 2023).

# Visual and Performing Arts

Community Wellbeing

Creative Arts

Music

Theatre

Visual Art

I can see myself working as a ...

musician, artist, actor, festival director, educator, vocalist, art critic, graphic designer, playwright, events officer, youth worker, songwriter, or creative freelancer.

UniSQ partners with a range of prominent media, theatre, and creative arts organisations to give students practical experiences and networking opportunities.

Showcase your craft through regular performance opportunities, or exhibit your work through artist-run initiatives, exchange exhibitions, and UniSQ's own public art gallery.

## Bachelor of Creative Arts and Community Wellbeing

Enhance your technical and professional skills in music, theatre, or visual art. Through partnerships with local organisations, you can apply your creative talents in a community setting. Learn to collaborate with health professionals, local government, and charity organisations and be prepared to work in diverse roles and settings.

## Bachelor of Music

From digital artistic collaborations, through to teaching music lessons online, UniSQ's Bachelor of Music acknowledges that today's musician will be globally connected. The degree teaches contemporary popular music, but also engages technologies, particularly in recording and production, with great attention to developing a sustainable, ongoing practice for graduates.

'The encouragement I've received from the staff at UniSQ has been outstanding. From the beginning, they have supported my passions and allowed me to develop a deeper understanding and appreciation of theatre.'

**Maeghan**

Bachelor of Creative Arts and Community Wellbeing  
(Theatre)

# Double degrees

A double degree allows you to broaden your education and develop an interdisciplinary field of knowledge in less time than if you were to complete two separate degrees.

Our double degrees give you plenty of flexibility in choosing majors to shape your studies to your desired outcome.

Degree						IELTS	CRICOS
Bachelor of Arts and Bachelor of Business	Feb, May, Sep	Springfield, Toowoomba	4 years (32 units)	On-campus, Online	AUD 28 520	6.0	099088B

Bachelor of Business and Bachelor of Laws	Feb, May, Sep	Springfield, Toowoomba	5 years (40 units)	On-campus, Online	AUD 28 240	6.5	092731C

## Bachelor of Arts and Bachelor of Laws

Gain a competitive edge when applying for jobs as a community lawyer, barrister, or solicitor by combining arts majors such as Criminology, History, or International Relations, with a thorough understanding of the law. Explore criminal law, ethics, professional practice, and legal conflict and resolution. Make valuable contributions to the workplace by developing skills in resourcefulness, critical thinking, reasoning, and reflection.

The Bachelor of Laws is professionally accredited by the Legal Practitioners Admissions Board, Queensland. As a graduate, and with further approved practical legal training, you can be admitted to practise law as a solicitor or barrister in Queensland, or as a legal practitioner elsewhere in Australia.

## Bachelor of Business and Bachelor of Information Technology

Become a leader in a technology-driven world by building your knowledge and practical experience across business and IT. Position yourself for success by meeting the increasing demand for digitally savvy employees with a business mindset. The Bachelor of Information Technology is professionally accredited by the Australian Computer Society (ACS) and, through the Seoul Accord, is recognised in other countries. The Human Resource Management major within the Bachelor of Business is professionally accredited by the Australian Human Resources Institute (AHRI).

## Bachelor of Business and Bachelor of Laws

Gain a powerful combination of skills by studying both business and law. Learn to navigate ethical decision making, enhance your ability to analyse situations, and formulate compelling arguments. Refine your legal skills with UniSQ's moot courts and benefit from courses that include professional experience in law firms, and advocacy and support centres. The Bachelor of Laws is professionally accredited by the Legal Practitioners Admissions Board, Queensland. As a graduate, and with further approved practical legal training, you can be admitted to practise law as a solicitor or barrister in Queensland, or as a legal practitioner elsewhere in Australia. The Human Resource Management major within the Bachelor of Business is professionally accredited by the Australian Human Resources Institute (AHRI).

**Save time and money.** A double degree gives you two formal qualifications and takes less time than if you were to study the degrees separately.

When you graduate, you'll have two testamurs – one for each of your degrees.

**Supercharge your skill set.** Build a diverse range of skills that are relevant to a wide range of industries and jobs.

Agriculture and Environment

Health

Regional Development

Space and Defence

## Master of Research

Our Master of Research allows you to develop your research skills, specialist knowledge, and produce original contributions in your chosen field, supported by expert professionals and renowned academics. Expand your critical thinking, applied research and evaluation skills, develop rigorous research design capabilities, and the ability to report and share your research outcomes.

## Doctor of Philosophy (PhD)

Our Doctor of Philosophy (PhD) is a research degree available in all Study Areas, and provides you with the skills to become an effective researcher in your previously studied discipline. By undertaking a Doctor of Philosophy, you will have expansive intellectual freedom to be able to make an original and substantial contribution to your area of study. UniSQ is committed to excellence in research training and providing a quality research training experience for our students. We maintain our relevance in research by linking with industry and business through local and international research networks.

### Be supported by our Graduate Research School

UniSQ's globally focused Graduate Research School supports all Higher Degree by Research (HDR) training, building a successful learning environment for UniSQ's HDR students. All HDR students have access to diverse facilities and are supervised by UniSQ researchers and partners, in a supportive and rewarding research environment.

### Cotutelle PhD program

Be a part of UniSQ's world-leading researchers that help create world-changing results. Our Cotutelle PhD program opens doors to international research candidates and supervisors, allowing for joint supervision and dual PhD awards.

### Learn more

Explore our cotutelle program at [unisq.therack.live/about-unisq/cotutelle](https://unisq.therack.live/about-unisq/cotutelle)

# Research flagships

## Be part of our global impact

As a research-intensive regional university, we are discovering solutions to build a strong and sustainable future. Key to our research culture is working with industries to understand the problems they face, and collaboratively developing new ideas and technologies to provide innovative solutions. Our research has a real impact, with tangible benefits demonstrated across a wide range of critical challenges, regionally and across the globe.

Our research institutes and centres host unique state-of-the-art facilities. These facilities support a broad spectrum of research degrees across many STEM and social science disciplines. UniSQ's flagships are:

- **Agriculture and Environment**  
including Climate Science, Drought Mitigation and Adaptation, Crop Health, Agricultural Technology and Environmental Science
- **Health**  
including Sport and Exercise Science, Mental, Health and Allied Health
- **Regional Development**  
including Agribusiness, Energy, Sustainable Economic Development, Innovation, Workforce, Community Wellbeing, Climate Variability, Culture and Heritage
- **Space and Defence**  
including Astrophysics, Hypersonics and Rocketry, and Materials Engineering.

The Innovative Launch, Automation, Novel Materials, Communications, and Hypersonics Hub (iLAUNCH) program is a collaboration of regionally based institutions, led by the University of Southern Queensland with The Australian National University, and the University of South Australia.

iLAUNCH brings together over 20 industry organisations to build Australia's sovereign space capability by addressing critical gaps and accelerating development of a space technology sector. With AUD 180 million to invest in industry research, commercialisation, and manufacturing, we are committed to Australia's burgeoning space industry. We will achieve this through growing our commercially viable civil rockets, rocket test and launch facilities, rapid satellite manufacturing, communication technologies, and integrated sensing systems.

The iLAUNCH program is supported by the Australian Government Department of Education through the Trailblazer Universities Program.

# English language programs

The English language and short-term training programs offered by our partner, the Union Institute of Language (UIL), will prepare you for entry into a UniSQ degree.

University of  
Southern  
Queensland  
Australia

The programs are designed to:

- assist students in raising their academic language and study skills to a more advanced level to enter and participate successfully in vocational education, degree, or postgraduate programs
- develop and increase students' knowledge of grammar and vocabulary, reading, writing, and listening skills
- develop students' knowledge of research, report writing and presentation techniques, analytical thinking, meeting deadlines and study skills.

## Foundation programs

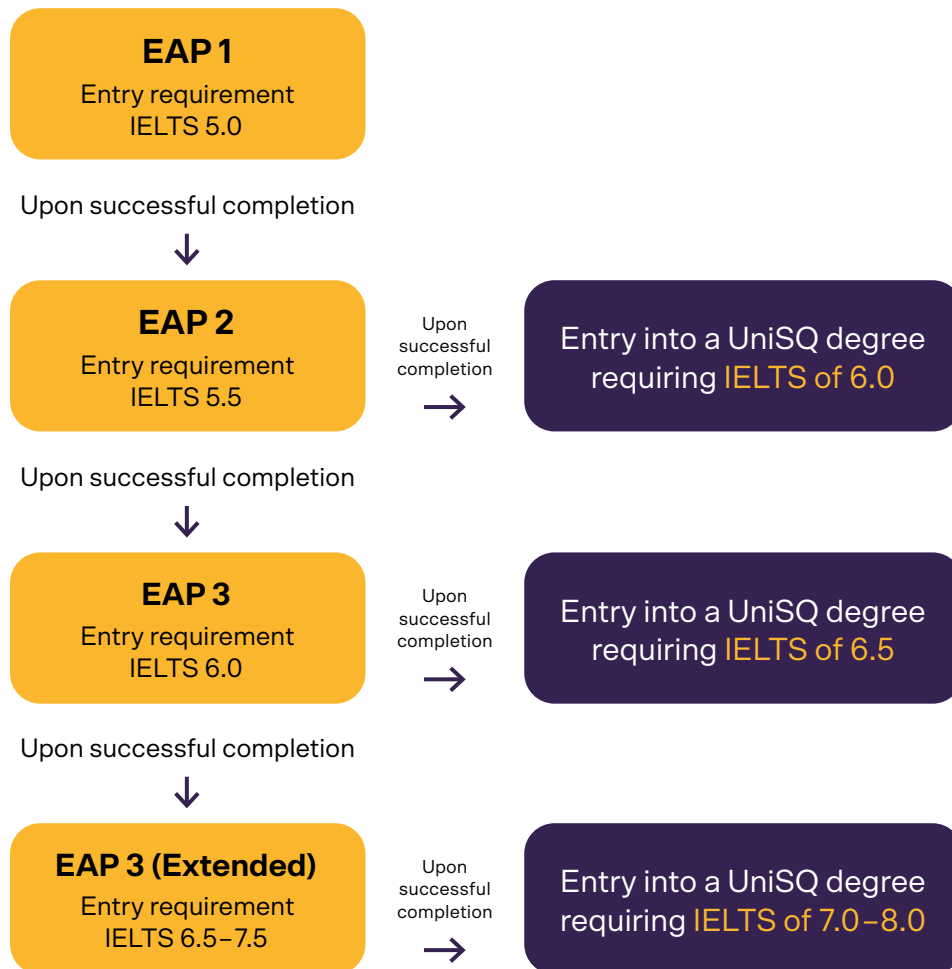

UniSQ Foundation programs aim to equip students with the necessary skills to successfully respond to the numeracy, literacy, critical thinking, and e-literacy demands of higher education studies and the professional workplace, in addition to assisting students to successfully manage the complexities of life-work balance.

Students will meet the entry requirements to selected UniSQ undergraduate degrees. You can find a list of these undergraduate degrees at [uil.edu.au/pathway-into-a-unisq-degree/](http://uil.edu.au/pathway-into-a-unisq-degree/)

## English language proficiency

All UniSQ degrees have an English language proficiency requirement, and you must provide evidence of this. Read more about requirements for each degree at [unisq.edu.au/degrees](https://unisq.edu.au/degrees)

# Scholarships

## Be rewarded

Reach your full potential and make the most of your time at university by easing the cost of study. UniSQ offers a range of scholarships for those who have achieved academic excellence, are leaders in their communities, or need financial support.

We offer a range of scholarships, bursaries, and grants to help international students, some of these include the China Scholarship Council Joint Funding Program, The Human Resources Development Fund (FIDERH), and the International Student Support Scholarship.

These are regularly updated, so please check the latest information on our website. You can also check for sponsorship offerings in your home country.

# Study Abroad

Are you an international student wanting to study abroad in Australia? Build your future by studying from a selection of our extensive course offerings taught by world-class lecturers, all while experiencing Australian culture and lifestyle.

## Experience Australia

### Study Abroad

Undertake a trimester or two in Australia with UniSQ's Study Abroad program. Designed to welcome students to UniSQ from study abroad partners and non-affiliated institutions, study abroad students pay tuition fees directly to UniSQ. With benefits including the option to earn credit towards your home degree, working collaboratively with peers from different countries and enhancing your employability, what are you waiting for?

### Inbound Study Abroad Travel Grant

UniSQ is offering AUD 2000 Inbound International Travel Grant to students applying for the Study Abroad program. Learn more about our current travel grants via [unisq.edu.au/international/study-abroad-exchange](https://unisq.edu.au/international/study-abroad-exchange)

### Application deadline

- 30 November 2025 for Trimester 1, 2026
- 31 March 2026 for Trimester 2, 2026
- 31 July 2026 for Trimester 3, 2026

### Study Abroad program fees

Tuition fees for Study Abroad are AUD 2470 per course in 2026.

Note: on-campus students need to enrol in a minimum of three courses to comply with their student visa requirements. Students wishing to study online can choose to study a minimum of one course. Study Abroad students pay tuition to UniSQ and apply directly, through a partner university, agent or provider.

# How to apply

## Six steps towards your future

### 1. Find your degree

- Consider your future career goals by looking at industry trends. Discover the Study Areas that suit your career aspiration, and interest, at [unisq.edu.au/career-finder](https://unisq.edu.au/career-finder)
- Choose your desired degree to study at UniSQ at [unisq.edu.au/study](https://unisq.edu.au/study)
- Join our research-intensive regional university and study a research degree. Explore available research topics at [fyrt.unisq.edu.au](https://fyrt.unisq.edu.au) and find a research supervisor for your chosen field of interest at [expertfinder.unisq.edu.au](https://expertfinder.unisq.edu.au)

### 2. Find a UniSQ Education Agent

You can contact one of our approved agents to guide you through the application process. You can find a UniSQ agent in your region at [unisq.edu.au/agents-partners](https://unisq.edu.au/agents-partners).

Our agents provide:

- advice on your study plans
- advice on applying to UniSQ
- document certification
- assistance with any pre-departure arrangements
- assistance with your visa requirements.

## Important information

- Learn about the Australian Government's Education Services for Overseas Students (ESOS) framework, and how quality is assured at UniSQ, by visiting [internationaleducation.gov.au](https://internationaleducation.gov.au)
- Find out more about studying, working, and living in Australia at [studyaustralia.gov.au](https://studyaustralia.gov.au)
- If you're a holder of a student visa, you will require Overseas Student Health Cover (OSHC). Learn more about Overseas Student Health Cover by visiting [studyaustralia.gov.au/en/plan-your-move/overseas-student-health-cover-oshc](https://studyaustralia.gov.au/en/plan-your-move/overseas-student-health-cover-oshc)
- Check streamlined study visa processing requirements at [homeaffairs.gov.au](https://homeaffairs.gov.au)

### 3. Check entry requirements

- Find the specific entry requirements for your degree at [unisq.edu.au/study](https://unisq.edu.au/study)
- Check that you meet our English language requirements at [unisq.edu.au/international/english](https://unisq.edu.au/international/english)
- If you are considering a research degree, check the application steps at [unisq.edu.au/research](https://unisq.edu.au/research)

### Key dates

UniSQ degrees and courses are offered in different academic calendars, providing you with a number of options for your study, as well as self-paced progression for you to either slow down or speed up your degree.

### 4. Collect and certify your documents

To support your application, you will also need to submit certified copies of:

- identity documents (passport)
- evidence of your English language proficiency
- senior high school (A levels/Year 12) certificate and academic transcripts
- all post-secondary study certificates and academic transcripts (if any)
- evidence of work experience (if required).

### 5. Apply

You can submit your application through a UniSQ-approved agent, or directly via UniSQ's online application system at [unisq.edu.au/international/apply](https://unisq.edu.au/international/apply)

### 6. Accept your offer

- Once you have received your Letter of Offer, you will need to return your signed Acceptance of Offer form.
- Our team will contact you to advise you on the next steps of completing the Acceptance of Offer process.

# Connect with current students

Ask our students about what student life at the University of Southern Queensland is really like

Do you want to speak to someone about their experiences at UniSQ? Start a chat with our friendly International Student Ambassadors today about life on campus, accommodation, clubs, sports, and what it's like to be a student in Australia!

Ask questions like:

'What's it like living in Australia?'

'What are the lectures like at UniSQ?'

'Why did you choose to study at UniSQ?'

## Chat to our students

Connect with our ambassadors via live chat

[unisq.edu.au/international/chat-to-our-students](https://unisq.edu.au/international/chat-to-our-students)

How do you intend to fund your studies, living, and other costs in Australia?

## 11. Terms and Conditions

I declare that the information supplied by me in this form and relevant attachments are true and correct. I understand that the University may vary or terminate its offer of a place at UniSQ or any subsequent agreement regarding study at UniSQ if any of the information provided by me is shown to be incorrect. I have read and accept the University's fees, charges and refund policy (<https://policy.unisq.edu.au/documents/13431PL>). I understand that there are limited places available, and that early submission of this application will give me a better chance of obtaining a place in the degree of my choice. I am aware of the applicable tuition fees and understand that I do not have to pay until I return the Acceptance of Offer Form included in the letter of offer from the University. UniSQ collects personal information for university purposes of providing tertiary education and related ancillary services and associated functions pursuant to the University of Southern Queensland Act 1998 and the information on this form for the purposes of assessing your application and if applicable, processing your enrolment. UniSQ collects this information in accordance with the Commonwealth Higher Education Funding Act 1988, Higher Education Support Act 2003, the Education Services for Overseas Students Act 2000 (ESOS Act), ESOS Regulations 2001 and the National Code of Practice for Providers of Education and Training to Overseas Students 2018. Where relevant UniSQ may give all or some of this information to other education providers to administer cross-institution enrolments; Commonwealth and state government departments, agencies or their authorised agents or contracted service providers and to UniSQ approved Representatives (agents and partners) and to other organisations (including international entities) who provide sponsorship or funding for your studies to seek verification of information or provide information regarding your studies (and visas and overseas student health cover if applicable) or to enable surveys concerning your education to be undertaken, and other students enrolled in the same courses as you or as may be required by a Faculty to facilitate UniSQ's provision of tertiary education services to you and other students including in the future. Other than as set out above, personal information will not be disclosed without your consent unless required or authorised by law. Please refer to UniSQ's Privacy Policy and UniSQ's Privacy Plan. To facilitate UniSQ's provision of tertiary education and related ancillary services and associated functions, you acknowledge and consent to the disclosures set out above and to the transfer of your personal information outside of Australia and communication via any available electronic means. In handling any personal information disclosed to you by the University, you agree to use this information for purposes of your study at UniSQ only and to abide by UniSQ's ICT Information Management and Security Policy and the ICT Standard for Use of ICT Resources Policy.

Signature \_\_\_\_\_

Date \_\_\_\_\_

## 12. Lodging Your Application

To ensure your application is processed without delay, please attach certified colour photocopies of academic transcripts and certificates (i.e., signed by a teacher, lawyer, your local UniSQ representative or other person in authority).

If your documents are not in English, please attach certified English translated versions of your documents.

Do not send original documents. Failure to include attachments may delay the processing of your application.

Please note: UniSQ does not charge an application fee. Lodge this application with your local UniSQ Agent or UniSQ Education Partner or, if none, email directly to UniSQ International Admissions.
