You are welcome at the University of Southern Queensland

'The University of Southern Queensland has a proud tradition of engaging our students to provide a meaningful and transformative education experience. We are a safe and welcoming community, and deliver high-quality education through flexible and supportive learning environments. Our excellence in teaching and research is recognised internationally, and are so pleased that Times Higher Education rank UniSQ as a World Top 350 University and a World Top 100 Young University. Our graduates consistently rank in the highest-paid graduates of any Australian University.'

The University has an outstanding future, and we are continually innovating and advancing our academic programs to ensure the best experiences for our students. We look forward to welcoming you and being part of your educational success here at the University of Southern Queensland.'

**Professor Geraldine Mackenzie,
Vice-Chancellor**

The University of Southern Queensland acknowledges the First Nations of southern Queensland and their ongoing connection to Country, lands, and waterways. Further, we recognise Aboriginal and Torres Strait Islander peoples as the first educators and researchers of Australia. We pay deep respect to Elders past and present.

Meet our Pro Vice-Chancellor (International), Professor Ren Yi

'As the PVC International, I lead UniSQ's International strategy, driving our university to excel in the delivery of international education, and placing international students at the centre of our diverse Australian community. UniSQ is constantly striving for excellence; whether it's through our vision to employ world-leading research to help create world-changing results, or our expertise in delivering flexible study options, we are invested in the bright minds that power our future.'

By linking southern Queensland Australia with the world, we are connecting you with opportunities. We will inspire you to engage and succeed in your studies and go on to achieve outstanding outcomes in your future endeavours. Our dynamic symbol of UniSQ, the Bunya pine, represents growth, strength and journeys that will be representative of your own university voyage. Build your capabilities and capacity with us while you nurture new friendships and create amazing memories in Australia. This is your opportunity to be who you always dreamt of being.

My team and I look forward to supporting your educational journey with the University of Southern Queensland.'

**Professor Ren Yi,
Pro Vice-Chancellor (International)**

Why UniSQ?

The right place to make real progress. Become part of a leading university that teams forward-thinking with flexible learning.

Join a university that is focused on you. With industry-experienced lecturers, small class sizes, world-class facilities and student-centred services, we are the university you are looking for.

5 out of 5 stars in global ratings for teaching, research, internationalisation, online learning and employability¹

30

World standard (or above) in over 30 areas of research²

700+

We offer over 700 specialised professional courses

40+

40+ years delivering flexible study options via online learning

27 563

27 563 students from around the world

Choose UniSQ

Choose from more than 100 programs.

World-class lecturers and small class sizes.

Free airport pick-up for new students.

Engage in internships across various sectors.

Develop academically with Study Abroad opportunities.

Live in more-affordable Australian cities.

Free inter-campus shuttle bus available to all UniSQ students.

Access to public transport available at all campuses.

Prepare for your future career with UniSQ, rated 5 out of 5 stars for graduate starting salary¹.

Choose from more than 100 programs available on-campus or online. Experience world-class lecturers and small class sizes at a uni where attention to students counts as much as the big results we deliver.

You can take advantage of our free airport pick up services. UniSQ provides airport reception and transfers you to your chosen accommodation².

You will connect with experienced industry professionals to build your employability skills and prepare you for the transition from university to employment.

Grow your professional experience with the Industry Experience program, engage in volunteering, internships and work experience across various sectors.

Seek opportunities to study overseas and explore the world, all while receiving credit towards your program. UniSQ provides Study Abroad opportunities to allow you to develop your academic and interpersonal skills.

Live in more-affordable Australian cities, join our welcoming, multicultural community and study with students from Australia and around the world.

About Queensland, Australia

300

Enjoy 300 days of sunshine per year

Cost

Queensland is affordable with 2 Queensland cities ranked amongst the most affordable in Australia.

Great

Beautiful landscapes, rainforests and The Great Barrier Reef.

2

2 major international airports

Skilled

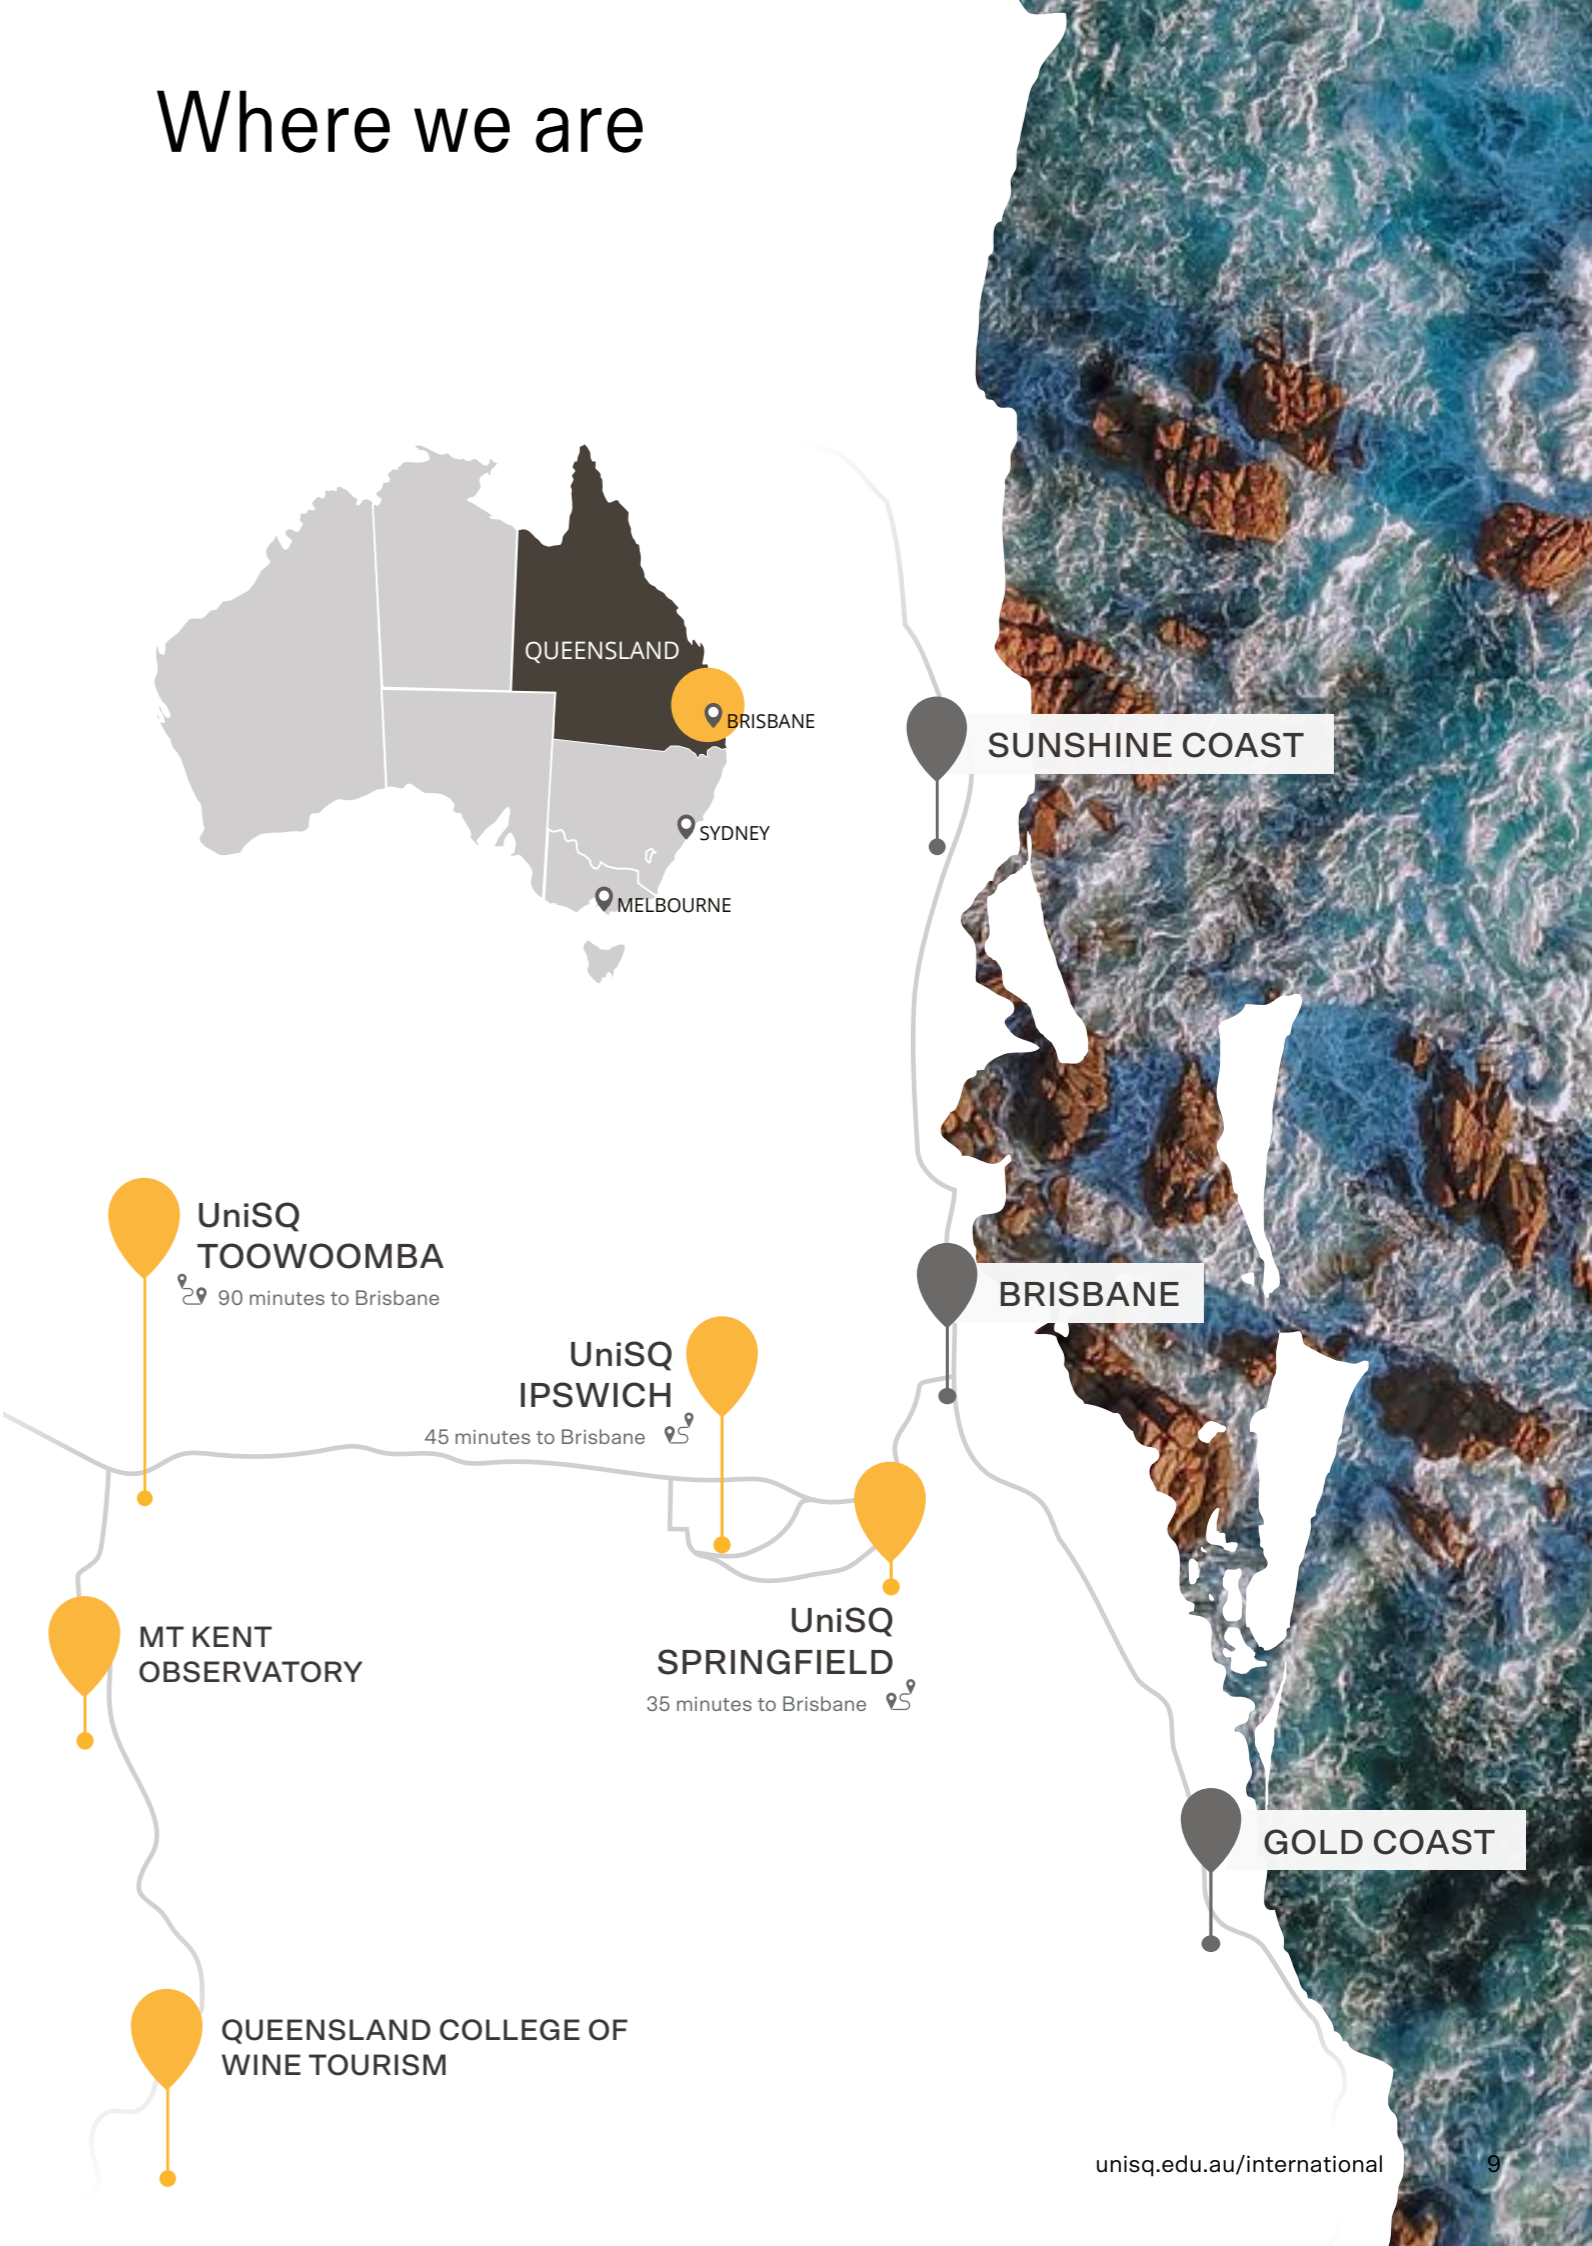

There is high demand for skilled graduates in specific industries.

2032

Brisbane is the host city of the 2032 Summer Olympic Games.

Where we are

Our cities and campuses

Toowoomba

Healthcare is the largest employing industry in the Toowoomba region.

More than 82 000 jobs generated in 2020 throughout the region.

3.1% of the total economic growth of Queensland was generated by the Toowoomba region.

Over 1500 jobs created in the scientific and technical services field, making it one of the region's most emerging industries.

A multicultural and economic hub

Experience Queensland's largest inland city located within the countryside of Australia. Toowoomba retains its country charm and couples it with a growing economy. Known as the 'Garden City', Toowoomba welcomes students with abundant parks, gardens, and a safe and inviting environment. If you are looking for a relaxed lifestyle and a multicultural family-friendly atmosphere to live and study in, Toowoomba is the choice for you.

UniSQ Toowoomba

90 mins from Brisbane.

3 Residential Colleges.

Sporting and social hubs.

24-hour gym.

Tennis centre.

Welcoming and affordable

Our main campus offers you the Australian regional city experience to fall in love with as you study with us. Benefit from our engaging multicultural community that the UniSQ Toowoomba campus offers. Our modern campus, with a wide range of facilities and recreational space, provides a full on-campus experience. Expect personalised services, academic support, engaging activities, and opportunities to expand your network within this thriving community.

Springfield

Economic growth designed to support Australia's growing industries: health, education and innovation.

Springfield is being designed to be Queensland's Health City.

Rapidly growing city that will have over 100 000 residents by 2030.

More than 30% of Springfield is designated as green space for parks and water features.

Tomorrow's city, today

Springfield is one of Queensland's fastest-emerging cities. Not only does this location offer you a great lifestyle with a growing economy, but it is conveniently located a short 35-minute drive from Brisbane and just under an hour to the Gold Coast. Its well-designed city plan allows you to enjoy parks, lagoons, shopping districts and convenient public transport, all within this beautiful region of Australia. The incredible and innovative community has made Springfield known as the city of the future.

UniSQ Springfield

35 mins from Brisbane.

20 mins from Ipswich.

Public transport.

50 mins from Gold Coast.

Flight simulator.

Vibrant and diverse

A hub for digital production and performance that has all the facilities you need for your study, that's our Springfield campus. Our students that study at Springfield get the full on-campus experience, with state-of-the-art television studio facilities, radio station and rehearsal spaces, as well as collaborative teaching rooms, laboratories for science and engineering, and fitness and recreation centres.

Come and enjoy our vibrant campus culture, connect with your peers and access support from professional staff during your study in Australia. Be part of a community that welcomes diversity, promotes a multicultural environment and share your valuable culture with us.

Ipswich

- Over 70 000 jobs and 10 000 businesses, with healthcare being the largest emerging industry.
- Construction, manufacturing, and mining are Ipswich's largest industry sector.
- Growth population of more than 210 000 residents.
- Home to people from 163 different countries speaking 152 languages.

Historical and multicultural

Discover the beautiful city of Ipswich. Its location in the booming South East Queensland region means it is just 45 minutes from Brisbane and an hour's drive from the Gold Coast and Sunshine Coast. Home to the youngest demographic in Queensland with residents from over 115 different cultural backgrounds, Ipswich is considered a diverse, safe and friendly multicultural city. You will love the lifestyle Ipswich provides you, combining heritage charm with the benefits of a modern, exciting metropolitan way of life.

UniSQ Ipswich

- 45 mins from Brisbane.
- Ample parking.
- Cafe and library.
- 1+ hour from Gold Coast.

Leading the way in industry and education

UniSQ has been a part of the Ipswich community since 2006 and we officially established our Ipswich campus in January 2015. This campus offers a range of degrees and continues to grow and develop tertiary education opportunities in the South East Queensland region.

UniSQ Ipswich is the hub of health and wellbeing, and law and justice programs. Our campus offers study opportunities in law, paramedicine, sport and exercise, nursing, psychology, counselling and other health-related careers, in addition to being a thriving campus with a cafe, library and ample parking. You will be part of the community that values the tertiary-level skills and training which will make an enduring impact.

UniSQ Sydney Education Centre

Indulge yourself in the Australian city lifestyle whilst gaining a UniSQ degree. UniSQ has partnered with the Canterbury Institute of Technology (CIT) to offer you UniSQ programs in the heart of Sydney.

In their welcoming and supportive learning environment, you will be equipped with the knowledge and skills for your future career goals. You will be taught and guided by professional and experienced academics and staff. Make your study dream a reality and seize the opportunity today.

Study Abroad

Enjoy semester programs in beautiful South East Queensland.

Access excellence from anywhere

Undertake a semester or two in Australia with UniSQ's Study Abroad program. The benefits are more than just a credit towards your degree. Connect with people from all over the world and work collaboratively with peers from different countries. With opportunities to explore Australia and experience our culture, what are you waiting for?

Application deadline

- 30 November 2023 for Semester 1, 2024
- 31 March 2024 for Semester 2, 2024

Inbound Study Abroad Travel Grant

There are a variety of costs involved with Study Abroad at UniSQ, including tuition, accommodation, overseas student health cover and cost of living. Learn more about our current travel grants via unisq.edu.au/international/study-abroad-exchange.

Why Study Abroad with UniSQ?

- Immerse yourself in Australian culture
- Live near some of the best beaches and rainforests in the world
- World-class lectures and personalised support
- Extensive course offerings
- Scholarship opportunity
- Ability to study virtually

Study Abroad program fees

Tuition fees for Study Abroad are AUD 2375 per course in 2024.

Note: On-campus students need to enrol in a minimum of three courses to comply with their student visa requirements. Students wishing to study online can choose to study a minimum of one course. Study Abroad students pay tuition to UniSQ and apply directly, through a partner university, agent or provider.

Our support for your journey

Orientation

Trying to figure out where to find important campus information? What services and study support are available to you? Our Orientation covers it all. Meet with the lecturers, staff and your peers while learning about UniSQ. Have fun and prepare yourself for the amazing study journey ahead.

Academic study support

Explore resources, develop your skills, meet up with PASS leaders or gain access to a range of support services provided by the UniSQ Learning Advisors. Our Learning Advisors offer support through discipline-based areas and offer specialised support to help you succeed at UniSQ.

iconnect

iconnect is your first point of contact for all student enquiries. Available by chat, email, phone or face-to-face, we work closely with all areas of the University to ensure you get the answers you need. Our concierges are current UniSQ students, just like you, and are trained to support you through your learning journey. Learn more via usq.edu.au/iconnect.

Multicultural support

You will be welcomed to the rich, warm and diverse multicultural community of UniSQ. Our priority is to create an environment that values your culture and the cultures of others, and respects students and staff from all backgrounds.

Student Success and Advising

The Student Success and Advising team provides you with support and advice throughout your learning journey at UniSQ. Connect with the team at usq.edu.au/current-students/support/student-success-advising.

Wellbeing

We care about your wellbeing and offer a variety of services, including counselling, financial support, accommodation advice, and disability and accessibility support. Connect with us at Wellbeing – University of Southern Queensland (usq.edu.au) or supportforlearning@usq.edu.au.

Careers and Employability

Our Careers and Employability team offer one-on-one career education planning sessions and employability skills to help you achieve your career goals.

Student Guild

This is your our free advocacy assistance at UniSQ where you will have access to our social, cultural and sporting centre. Our Student Guild is a great way to stay healthy and active.

Accommodation

UniSQ Residential Colleges' accommodation is a great choice for students who want an on-campus living experience.

Live on-campus with us

We offer catered and self-catered options; organised social, cultural and sporting events; as well as personal and academic support.

ROOM TYPE	AVAILABLE AT	2023 FEES (AUD) ¹
Steele Rudd A Block	Steele Rudd only	90
Steele Rudd B Block	Steele Rudd only	101
Steele Rudd Outer Blocks	Steele Rudd only	137
Shared Ensuite	McGregor E–G and K only	146
Shared Ensuite (renovated)	Concannon and McGregor	151
Private Ensuite (renovated)	All colleges	176
Private Ensuite	McGregor A only	171
Single Occupancy Flat	All colleges	237
Disability access room	McGregor and Steele Rudd	171

¹ These reflect the actual 2023 fees and may change for future years.

After recent renovations and upgrades, all residents now have access to modern, self-catered kitchen facilities where you can prepare your own meals.

McGregor College

This college accommodates almost 200 residents and offers you a variety of living options with private ensuite rooms and shared ensuite rooms to choose from. All residents have access to a large, shared kitchen or a kitchen in their block.

Steele Rudd College

This home away from home was recently refurbished. Its modern, light and airy appearance makes your study life a dream and inspires your daily activities. The college offers nearly 120 bedrooms with shared bathrooms.

Concannon College

This college has around 100 rooms, across four double-storey accommodation blocks. You have the option of bedrooms with private or shared ensuites, with Concannon offering students a variety of unique study spaces.

Benefits of living on-campus

- There is a range of accommodation options with great facilities, including recreation halls, common areas and complimentary laundry facilities, and on-site car parking.
- Fees are all-inclusive with unlimited internet, reverse-cycle air-conditioning and utilities included.
- We offer a comprehensive support network to help you, both academically and personally.
- Living on-campus gives you increased access to professional development and leadership opportunities.
- There is an on-site 24/7 security team who conduct regular patrols of the colleges and don't charge for any room lockouts.
- All three of our colleges are conveniently located just a short walk from UniSQ Toowoomba.
- All common spaces and bathrooms are cleaned regularly, and our UniSQ maintenance team are available to fix any issues, with students able to contact our team 24/7 if they need anything!

Accommodation support

You need to feel safe and settled to succeed in your studies. That's why we have a dedicated team ready to guide you when choosing your accommodation. Contact us to discuss your individual needs at accommodation@usq.edu.au.

For the most up-to-date fees, visit unisq.edu.au/accommodation-fees.

Apply now

Our free, streamlined application process can be completed online.

Find out more at unisq.edu.au/accommodation.

Other accommodation options

Education City

The Education City Residential Village, located just 100 metres from UniSQ Springfield, provides a friendly residential community environment. The modern four-to-seven-bedroom townhouses are fully furnished and include appliances.

Homestay

Everyone's accommodation needs are different. If living with a family is preferred, you can locate a suitable homestay family for some or all of your study journey. We recommend making contact with reputable homestay providers at homestaynetwork.org or contacting the Union Institute of Language for their homestay options via uil.edu.au/accommodation.

Private accommodation

You can rent a property by yourself, or with your friends. You have the opportunity to choose the location and the type of the property to suit your lifestyle and needs. There are often rental and sharehouse options posted on noticeboards, or you can browse on rental websites.

Study is just the start

The friends you make. The skills you grow. The events you attend. There's so much more to uni life than study – and you're free to choose how to get involved with our clubs, societies, sporting teams, leadership programs and more.

Agriculture and Environment

The natural land meets next-level innovation with AgTech. You could be working in areas as progressive as gene editing, nanomaterials, automation and robotics, and synthetic biology – tapping into our passion for cultivating real change.

Agricultural Engineering
Agricultural Science
Animal Science
Climate Science
Environmental Engineering
Environmental Science
Food Science
Wildlife Management
Wine Science

I'm curious about ...

working outdoors, growing food or plants, developing new software, testing new technologies, experimenting and researching innovations, looking after the environment and wildlife.

I can see myself working as a ...

climate scientist, agricultural engineer, agricultural scientist, ecologist, water scientist, ranger, wildlife management officer, zookeeper, environmental engineer, environmental scientist, food scientist, wine scientist.

And making an impact in ...

nature, laboratories, national parks, agricultural centres, rural and remote farming stations, government food security agencies.

Agriculture and Environment

One of a kind. The only university in Australia to offer an Agricultural Engineering degree.

Bachelor of Agricultural Technology and Management

Toowoomba, External
3 years full-time
AUD 4355 per unit
AUD 34 840 per year
CRICOS: 108983C

Degree overview

Are you ready for the future of farming? Learn to use innovative technology within ag systems and agricultural science (plant and animal science) to create effective business solutions and improvements for farmers.

Pioneering in the agriculture sector, UniSQ offers Queensland's first dedicated degree in Agricultural Technology and Management. It allows you to study agricultural courses from UniSQ Toowoomba surrounded by vibrant ag industry centres, or opt for the convenience of external/online study.

Benefit from work-integrated and industry placement learning, where you can put into practice the agricultural technology and management skills you've learned and connect with industry partners.

Graduate with the expertise to identify new and emerging technologies for use in a range of both plant and animal settings, and with business skills to ensure these technologies are financially and environmentally sustainable.

Entry requirements

- Your country's equivalent of the completion of Queensland high school level (Years 11 and 12).
- You are required to satisfy the applicable English language requirements and this degree requires a minimum of IELTS 6.0, or equivalent.

Professional experience

As part of the degree, you will need to complete professional experience placements. These experiences provide you with opportunities to put theory into practice.

All students must be able to meet the physical and other professional requirements of professional practice within this degree.

Bachelor of Engineering Science

Toowoomba, Springfield, External
3 years full-time
AUD 4410 per unit
AUD 35 280 per year
CRICOS: 079333D

Degree overview

Our Bachelor of Engineering Science will provide you with the technical knowledge and skills to practise as a graduate engineering technologist. You will gain hands-on experience, work with professional equipment and learn the highly sought-after skills you will need in the industry.

Entry requirements

- Your country's equivalent of the completion of Queensland high school level (Years 11 and 12), including the study of mathematics, or equivalent.
- You are required to satisfy the applicable English language requirements and this degree requires a minimum of IELTS 6.0, or equivalent.

Professional accreditation

Graduates of this program are eligible to apply for graduate membership of Engineers Australia as an engineering technologist.

Professional experience

To be eligible to graduate from the Bachelor of Engineering Science, students must obtain an aggregate of at least 45 days of suitable work experience during their program.

Arts and Humanities

Bachelor of Arts

Toowoomba, Springfield, Online
3 years full-time
AUD 3430 per unit
AUD 27 440 per year
CRICOS: 009258A

Degree overview

Invest in flexible and transferable skills that will equip you for all the career opportunities the modern world will provide. Our Bachelor of Arts program allows you to choose from a wide range of specialities in international relations, humanities, communication, literature, history, public relations and Indigenous studies.

Entry requirements

- Your country’s equivalent of the completion of Queensland’s high school level (Years 11 and 12).
- You are required to satisfy the applicable English language requirements and this degree requires a minimum of IELTS 6.0, or equivalent.

Majors

Anthropology

Build knowledge of cultural diversity and develop analytical skills to understand similarities and differences within and between human societies.

Archaeology

Develop a thorough understanding of the present by digging deeper into the lifestyles and culture of societies of the past.

Creative Writing

Learn to think critically about how, why, where and when we write about experiences, landscapes or people; how to write creatively and critically; and how to produce compelling, professional narratives in both fiction and non-fiction.

Criminology and Criminal Justice

Become a problem solver and explore the social and psychological factors behind the motivators of why people commit crime.

English Literature

Foster your passion for reading. Study English Literature to develop valuable skills in analysis, critical thinking, expression and communication.

First Nations Australia

Develop cultural competence and an understanding of First Nations perspectives, how to be an effective advocate or ally, and build the ability to work with Indigenous communities in a culturally appropriate way.

History

Explore fundamental issues relevant to modern society; use evidence from the past and develop the skills necessary to apply to current events and issues.

International Relations

Become an expert in cross-cultural interactions by studying the complexities of inter-country relations. Develop your expertise and examine current issues by drawing on complex understandings of institutional structure, policy, political systems, economies and security regimes in various regions.

Journalism

Build your ability to uncover the facts and gain in-depth knowledge in investigating, reporting, writing, editing, designing and producing the news.

Legal Studies

Strengthen your knowledge base by developing a thorough understanding of how to analyse case studies, debate key legal concepts, and methods of resolving conflicts, including litigation. .

Social Justice and Entrepreneurship

Engage with community groups and become an advocate for human rights and welfare, environmental and social justice, and personal agency. Learn how to develop the best social outcomes for local and international communities. Acquire the critical appraisal, communication, and conflict resolution skills needed to deliver community welfare and social justice.

Extended majors

Aviation

Imagine your career in a dynamic industry, connecting travellers and freight with the world. Be ready to take to the skies – learn from industry professionals and benefit from state-of-the-art flight simulators.

Aviation Management Flight Operations

I'm curious about ...

learning to use machines and operating systems, feeling on top of the world, being organised and prepared, mastering new situations, logistics, learning about aircraft, safety and human performance within a complex environment.

I can see myself working as a ...

pilot, flight operations team member, air traffic controller, flying instructor, air safety investigator, aviation regulator.

And making an impact in ...

general aviation, an airline, the Defence Force support industries, air freight services, air traffic services, an airport or with the Civil Aviation Safety Authority as a safety regulator, or in the Air Transport Safety Bureau as a safety investigator.

Aviation

Take advantage of superior industry experience with highly regarded staff, including current and recent airline, Australian Defence Force and instructor pilots and managers.

Bachelor of Aviation

Toowoomba, Springfield
3 years full-time
AUD 3360 per unit
AUD 26 880 per year
CRICOS: 094756M

Degree overview

Our Bachelor of Aviation allows you to choose the study path right for you. Choose from a major in Aviation Management or Flight Operations and realise your aviation dream in this fast-moving industry¹.

Professional development opportunities are offered throughout your program and contribute as credit towards your completion. You will also learn from a combination of our highly regarded UniSQ academics, current and former airline, air force and instructor pilots and airport managers who all contribute to this dynamic and exciting industry.

Majors

Aviation Management

Become a leader in aviation management with a degree designed to provide you with a broad understanding of the industry. Develop detailed knowledge, attitudes and skills, learning from current and former aviation managers with strong links to industry and employers.

Flight Operations

Experience flying in the Boeing 737- and A320-based flight simulators. Immerse yourself in the world of aviation and study safety management and human performance in a complex operational environment. The Flight Operations study path allows graduates to earn their commercial pilot licence from the Australian Civil Aviation Safety Authority.

Entry requirements

- Your country's equivalent of the completion of Queensland's high school level (Years 11 and 12).
- You are required to satisfy the applicable English language requirements and this degree requires a minimum of IELTS 6.0, or equivalent.

Professional accreditation

Graduates of the Bachelor of Aviation (Flight Operations) program will gain professional pilot qualifications issued by the Australian Civil Aviation Safety Authority.

Major	Campus
Aviation Management	T, S
Flight Operations ²	T, S

- 1 Upon graduation, students may have the opportunity to apply for entry into the Qantas Group Future Pilot Program. Please refer to the Qantas website via qantas.com/au/en/about-us/qantas-careers/pilots-flight-operations.html for entry requirements.
- 2 Students intending to undertake the Flight Operations major will be required to co-enrol with a specified flight training school at additional cost. Please contact UniSQ for further information on the application process.

Business and Management

Leading business and bettering industry. A world of fast-paced business decisions awaits. You could work in a career as dynamic as developing public relations campaigns for high-profile corporations, or accounting and finance management for big business with global reach.

Accounting

Business Administration

Business Economics

Finance

Human Resource
Management

Management and Leadership

Marketing

I'm curious about ...

organising projects or events,
working with people, being proactive,
working with numbers, budgeting,
managing people.

I can see myself working as a ...

business leader, executive of a large
company, accountant, advertiser,
executive assistant, business owner,
marketer, financial planner, working
in HR, business analyst.

And making an impact in ...

advertising, human resources,
accounting, large organisations,
not-for-profit organisations.

Business and Management

With a UniSQ Business degree you can reach not just your professional goals of today, but those yet to emerge in your future.¹

Bachelor of Business

Toowoomba, Springfield, Online
3 years full-time
AUD 3360 per unit
AUD 26 880 per year
CRICOS: 092182E

Degree overview

Build strong employability skills by combining two areas of interest, or choose one specialist field and two other minor fields. Study a variety of core subjects in your first year to discover what interests you most.

Benefit from UniSQ's close ties with industry and have the opportunity to complete professional work experience where you'll work with an organisation to complete a project.

Select majors within this degree are professionally accredited and graduates may apply for memberships with certain industry bodies.

Majors

Emergent Leadership
Build your professional identity and develop confident skills in ethical decision making, teamwork, complex problem solving, negotiation and influence, and person-centred communication. Gain practical experience while working on case studies and a final-year group project together with industry partners.

Finance
Gain a comprehensive understanding about the fundamentals of financial environments and modern analytical techniques through this professionally accredited major. You'll learn about the financial side of running a business, managing money and creating value for stakeholders.

Human Resource Management
Learn how to partner, and work with, employees so they are empowered to become a source of competitive advantage for the business. You'll understand the diversities of the workplace and develop skills to manage difficult situations. This major is professionally accredited.

Information Systems Management
Gain significant analysis and design experience in the business context, while also developing an understanding of the broader architecture of information systems and the principles of modern software engineering practice.

Marketing
Use your creativity, organisational skills and interest in what makes people think and act differently. You'll learn marketing theories and principles using real-world case studies and by completing work experience. Graduate from this professionally accredited major with credits to become a certified practising marketer.

- Entry requirements**
- Your country's equivalent of the completion of Queensland's high school level (Years 11 and 12).
 - You are required to satisfy the applicable English language requirements and this degree requires a minimum of IELTS 6.0, or equivalent.

Master of Business

Toowoomba, Springfield, Online
2 years full-time
AUD 3920 per unit
AUD 31 369 per year
CRICOS: 110843H

Degree overview

With a focus on extending the theoretical skills you develop into tangible and effective outcomes for betterment of business and communities, UniSQ's Master of Business is designed to set you apart.

Choose from a range of specialisations, from the traditional pillars of business, such as human resources; to more emergent areas of focus, such as managing cyber risk.

Regardless of whether you have just graduated with a bachelor degree, or are an experienced professional with existing business expertise, in the Master of Business you will develop the skills to operate in an increasingly complex and digitised business environment.

- Entry requirements**
- Completion of an approved bachelor degree in the area of business, or equivalent,
- or
- equivalent minimum of 3 years' professional work experience (at Skill level 1-3).
- You are required to satisfy the applicable English language requirements and this degree requires a minimum of IELTS 6.5, or equivalent.

Education and Teaching

Develop young minds to create a better future. Play a part in shaping our future leaders with our renowned teaching degrees, practical experience placements and expert academics. Be ready to inspire purpose and empower young people to make change.

Early Childhood Education
Primary Education
Secondary Education

I'm curious about ...

sharing knowledge, watching people learn, enabling and empowering others, watching people grow, learning new things.

I can see myself working as a ...

high school teacher, early childhood teacher, primary school teacher, kindergarten teacher, principal, childcare centre director, teacher in special and inclusive education settings, corporate trainer, museum educator.

And making an impact in ...

early childhood centres, state primary schools, state high schools, independent schools, schools of distance education, special and inclusive education settings, government creating curriculum and policy.

Education and Teaching

Spoiled for choice – we have over 800 placement partners supporting UniSQ’s pre-service teachers across Queensland, interstate and overseas.

Bachelor of Early Childhood

Toowoomba, Springfield, External
3 years full-time
AUD 3290 per unit
AUD 26 320 per year
CRICOS: 056707B

Degree overview

Have the confidence required to work with children and families in an array of early learning environments. Gain the knowledge, skills, practices and values to provide best practice in early childhood education.

Receive practical career experience with 80 days of targeted professional experience placements in a variety of settings. Graduates can transition into the Bachelor of Education (Early Childhood) to then apply for teacher registration.

Entry requirements

- Your country’s equivalent of the completion of Queensland’s high school level (Years 11 and 12), including mathematics and science, or equivalent.
- You are required to satisfy the applicable English language requirements and this degree requires a minimum of IELTS 7.5, or equivalent.

Bachelor of Education (Early Childhood)

Toowoomba, Springfield, External
4 years full-time
AUD 3290 per unit
AUD 26 320 per year
CRICOS: 0100825

Degree overview

Gain the unique knowledge and expertise needed to educate young learners from Prep to Year 6.

Complete 80 days of supervised professional experience in a variety of locations, including rural, remote and international placements.

You’ll experience a range of classroom settings. Have opportunities to engage in state, Catholic or independent schools, alternative, special and inclusive educational settings, including students who study via the School of Distance Education, with this professionally accredited degree.

Entry requirements

- Your country’s equivalent of the completion of Queensland’s high school level (Years 11 and 12), including mathematics and science, or equivalent.
- A statement addressing suitability criteria. For information on selection guidelines, including the process for assessing an applicant’s non-academic capabilities, please see the selection guidelines for initial teacher education courses: qtac.edu.au/teacher-entry
- You are required to satisfy the applicable English language requirements and this degree requires a minimum of IELTS 7.5, or equivalent.

Bachelor of Education (Primary)

Toowoomba, Springfield, External
4 years full-time
AUD 3290 per unit
AUD 26 320 per year
CRICOS: 0100826

Degree overview

Are you looking for a degree that gives you flexibility, industry engagement, professional development, expert knowledge and practice?

UniSQ’s Bachelor of Education (Primary) is designed to prepare graduates who are confident to teach primary school students in a variety of contexts across all learning areas.

In addition to gaining sound knowledge of subject-matter to be able to teach maths, English, health, and science, you’ll develop invaluable transferable skills, including collaboration, organisation, adaptability, communication, empathy and patience.

Entry requirements

- Your country’s equivalent of the completion of Queensland’s high school level (Years 11 and 12), including mathematics and science, or equivalent.
- A statement addressing suitability criteria. For information on selection guidelines, including the process for assessing an applicant’s non-academic capabilities, please see the selection guidelines for initial teacher education courses: qtac.edu.au/teacher-entry
- You are required to satisfy the applicable English language requirements and this degree requires a minimum of IELTS 7.5, or equivalent.

Bachelor of Education (Secondary)

Toowoomba, Springfield, External
4 years full-time
AUD 3290 per unit
AUD 26 320 per year
CRICOS: 0100827

Degree overview

Our Bachelor of Education (Secondary) is designed to prepare graduates who are confident to teach a diverse range of students from Years 7 to 12, in a variety of contexts. This program will prepare you to teach into a minimum of two subject areas, with over 20 different teaching areas from which to choose. Having two teaching areas makes you a flexible and desirable educator in the secondary school environment.

Our major and minor subject areas have been explicitly aligned with Queensland’s new senior subject offerings to ensure you gain a competitive edge as you prepare to begin your teaching career.

Entry requirements

- Your country’s equivalent of the completion of Queensland’s high school level (Years 11 and 12), including mathematics and science, or equivalent.
- A statement addressing suitability criteria. For information on selection guidelines, including the process for assessing an applicant’s non-academic capabilities, please see the selection guidelines for initial teacher education courses: qtac.edu.au/teacher-entry
- You are required to satisfy the applicable English language requirements and this degree requires a minimum of IELTS 7.5, or equivalent.

Mining Engineering

Power Engineering

I'm curious about ...

working with numbers, solving problems and creating solutions, knowing how things work, fixing things, understanding the big picture, designing structures.

I can see myself working as a ...

civil engineer, agricultural engineer, computer systems engineer, environmental engineer, infrastructure management engineer, mechanical and mechatronic engineer, mining engineer, power engineer, software engineer.

And making an impact in ...

local councils, government departments, consultancy firms, outdoor settings, construction, national or international organisations and building projects, electrical power authorities, mining companies, aerospace companies.

Engineering

We are the only university in Australia to offer degrees in Agricultural Engineering.

Bachelor of Engineering (Honours)

Toowoomba, Springfield, External
4 years full-time
AUD 4410 per unit
AUD 35 280 per year
CRICOS: 079519E

Degree overview

Our Bachelor of Engineering (Honours) program provides you with the opportunity to apply your knowledge through practical work experience and includes an exciting final-year research project to give you industry experience.

Majors

Agricultural Engineering

Linked to the UniSQ world-class research centre in Agricultural Engineering, and with emphasis on modern and sustainable engineering concepts, you will develop the skills to tackle complex agricultural problems and apply engineering solutions.

Civil Engineering

With your major in Civil Engineering, you will focus on the areas of infrastructure design, planning, development, construction and maintenance.

Computer Systems Engineering

Be guided by multi-skilled and expert academics and focus not only computer skills and competencies, but also mechatronics and automation principles.

Electrical and Electronic Engineering

The Bachelor of Engineering Honours program gives you the opportunity to get hands-on with a range of advanced technologies.

Environmental Engineering

Plan, design and implement change in the infrastructure of land development and rehabilitation, water and soil management and create innovative solutions to complex problems.

Instrumentation Control and Automation Engineering

Acquire the instruments you need to control your engineering future.

Mechanical Engineering

You'll learn the fundamental skills of design, innovation and systems improvement, and gain experience working with UniSQ's Heat Engines and High Speed Gas Dynamics laboratories.

Mechatronic Engineering

Be a part of a team solving real industry problems, from pioneering new eco-materials, pushing the frontiers in aerospace, renewable energy implementation, and development of smart robotics.

Power Engineering

Be a part of the future of power engineering and gain the experience to work in major corporations with UniSQ's Bachelor of Engineering (Honours) (Power Engineering).

Entry requirements

- Your country's equivalent of the completion of Queensland high school level (Years 11 and 12), including the study of mathematics, or equivalent.
- You are required to satisfy the applicable English language requirements and this degree requires a minimum of IELTS 6.0, or equivalent.

Professional accreditation

Graduates will be eligible to apply for membership with Engineers Australia as a graduate Professional Engineer. You may apply for chartered status as a Professional Engineer. You will also have the opportunity to work overseas, with your accreditation recognised in those countries that are signatories to the Washington Accord.

Professional experience

To be eligible to graduate from the Bachelor of Engineering (Honours), students must obtain an aggregate of at least 60 days of suitable work experience during their program.

Major	Campus
Agricultural Engineering	T, E
Civil Engineering	T, S, E
Computer Systems Engineering	T, E
Electrical and Electronic Engineering	T, S, E
Environmental Engineering	T, E
Instrumentation Control and Automation Engineering	E

Master of Professional Engineering

Toowoomba, External
2 years full-time
AUD 4400 per unit
AUD 35 280 per year
CRICOS: 067689G

Degree overview

The Master of Professional Engineering is ideal if you want to become a professional engineer, and have a three-year engineering degree but no work experience. Gain hands-on practical lab and industry experience to prepare you for working in the engineering profession

Apply your study knowledge to a real-world problem in your research project – a great stepping-stone to further research degrees, including your PhD.

Entry requirements

- Completion of an Australian university 3 or 4-year bachelor degree in engineering in the relevant specialisation, or equivalent,
- or
- completion of an Australian university 4-year bachelor degree in engineering in a non-related specialisation, or equivalent.

To be eligible for advanced standing entry:

- Completion of an Australian university 4-year embedded honours degree in engineering in the same or closely related cognate specialisation (major).
- You are required to satisfy the applicable English language requirements and this degree requires a minimum of IELTS 6.5, or equivalent.

Professional accreditation

The specialisations of Agricultural Engineering, Civil Engineering, Electrical and Electronic Engineering, Environmental Engineering, Mechanical Engineering, Power Engineering and Structural Engineering have been accorded full accreditation at the level of Professional Engineer by Engineers Australia and graduates are eligible for Graduate membership at the Professional Engineer level.

The new Aerospace Engineering specialisation offered in 2023 will be seeking provisional accreditation from Engineers Australia, noting as this is a recognised field of practice within Engineers Australia, graduate membership is still available upon application on completion.

The specialisation of Engineering Management and Enterprise program content is directly linked to Engineers Australia Executive Engineering Stage 4 accreditation competencies but is not accredited, as there is no graduate membership with Engineers Australia in this new professional area of practice (i.e., membership begins at CPEng and then, after this, Stage 3 Executive Engineer). Graduates from this specialisation must submit their own evidence-based industry experience portfolio for membership accreditation review.

Information and Communications Technology

The most in-demand profession¹ has a lot of future-promise. You could work in areas as innovative as app development, cyber security, or information systems design – graduating with the skills to be ready for the careers of the future.

Cyber Security
Data Analytics
Design and Interactive Technologies
Information Technology

I'm curious about ...

working with computers, building programs from scratch, solving problems and creating digital solutions, analysing data.

I can see myself working as a ...

programmer, systems analyst, web developer, app developer, software developer, database administrator, user experience designer, data scientist.

And making an impact in ...

government, start-ups, community organisations, the Defence Force, universities, schools, hospitals, IT consultancies.

Information and Communications Technology

IT jobs accounted for nearly 10% of highest demand category for careers Australia currently needs most.¹

Bachelor of Information Technology

Toowoomba, Springfield, Online
3 years full-time
AUD 3690 per unit
AUD 29 520 per year
CRICOS: 007490J

Degree overview

Learn how to be a problem solver and innovator across a wide range of industries as an expert in information technology.

In UniSQ's Bachelor of Information Technology, you can choose to specialise in software application development, artificial intelligence and data science, or networking and cyber security.

Connect with industry partners and gain work-integrated learning experience during a final-year capstone course.

Majors

Artificial Intelligence and Data Science

Study the Artificial Intelligence and Data Science major in UniSQ's Bachelor of Information Technology and learn to implement AI algorithms and techniques using high-level programming languages to solve real-world problems.

Networking and Cyber Security

Cyber security jobs are in high demand and there is an increase in the number of specialties within this ICT area. Graduate from UniSQ workplace-ready with sound knowledge of cyber security principles and policy.

Software Application Development

Be at the forefront of technical solutions and take the first step toward a diverse and rewarding career as a software developer. Practically every industry needs its own type of software and people who can create it to their unique specifications.

Entry requirements

- Your country's equivalent of the completion of Queensland high school level (Years 11 and 12), including the study of mathematics, or equivalent.
- You are required to satisfy the applicable English language requirements and this degree requires a minimum of IELTS 6.0, or equivalent.

Professional accreditation

Our Bachelor of Information Technology degree is accredited at professional level by the Australian Computer Society (ACS) and, through the Seoul Accord, is recognised in other countries.

Sport and Exercise

I'm curious about ...

caring for people, health subjects, biology studies, chemistry, health promotion, sport and recreation, health and physical education.

I can see myself working as a ...

nurse, paramedic, midwife, exercise physiologist, or exercise scientist.

And making an impact in ...

hospitals, community health services, ambulance and paramedic services, musculoskeletal injury management, occupational health and work injury rehabilitation, telehealth or mental health services, remote or rural communities.

Nursing and Allied Health

Benefit from industry-relevant, practical and theoretical training in healthcare, nursing, paramedicine or sport and exercise.

Bachelor of Nursing

Toowoomba, Ipswich, External
3 years full-time
AUD 4000 per unit
AUD 32 000 per year
CRICOS: 093153B

Degree overview

Our Bachelor of Nursing aligns with current Australian professional nursing standards of practice and prepares you as a registered nurse in hospitals, community settings, mental health settings, GP practices, clinics, rural and remote health services and aged care facilities across Australia and the world.

Almost 50 percent of this program is devoted to clinical practice in UniSQ's on-campus simulation wards or in healthcare settings, such as large metropolitan hospitals, mental health services, regional healthcare services, aged care settings, community health services, specialty clinics and rehabilitation centres.

Entry requirements¹

- Your country's equivalent of the completion of Queensland's high school level (Years 11 and 12)².
- You are required to satisfy the applicable English language requirements and this degree requires a minimum of IELTS 7.0, or equivalent.

Professional accreditation

UniSQ's Bachelor of Nursing at UniSQ is accredited by the Nursing and Midwifery Board of Australia (NMBA) and is listed as an approved program with the Australian Health Practitioner Regulation Agency (AHPRA).

Professional experience

Practical experience is integral to the completion of this program. Each student is required to undertake and satisfactorily complete 840 hours of practical experiences³. To start practical placement courses, you must achieve a pass grade in theoretical and other practical pre-requisites courses.

1. Satisfaction of the Entry Requirements does not guarantee admission into the Bachelor of Nursing.
2. International students who have a registered nurse qualification from an approved education institution under NOOSR guidelines may apply for exemptions in the program.
3. All students must be able to meet the physical and other professional requirements of clinical practice within this program.

Bachelor of Paramedicine

Ipswich
3 years full-time
AUD 4000 per unit
AUD 32 000 per year
CRICOS: 089149K

Degree overview

Our Bachelor of Paramedicine has been designed by leading medical and paramedic staff involved in pre-hospital emergency care. Gain specific skills that are unique to being a paramedic, and be trained in the areas of assessment, analysis, decision making and working in difficult situations.

Degree requirements

- Your country's equivalent of the completion of Queensland's high school level (Years 11 and 12).
- You are required to satisfy the applicable English language requirements and this degree requires a minimum of IELTS 7.0, or equivalent.

Master of Public Health

Ipswich, Online
2 years full-time
AUD 3790 per unit
AUD 30 320 per year
CRICOS: 112782M

Degree overview

Prepare for the emerging healthcare challenges of the 21st century and study a Master of Public Health. Make an impact in local and global communities' wellness by addressing social, cultural, economic and environmental determinants of health.

Develop your analytical, research and communication skills and undertake public health practice in the community.

Degree requirements

- Completed a 3-year or 4-year bachelor degree, or equivalent, in the area of health with a 4.8 GPA or higher,
- or
- completed a 3-year or 4-year bachelor degree, or equivalent, in a different discipline with a 4.8 GPA or higher, and completed 1 year of full-time work experience in a healthcare setting,
- or
- completed UniSQ's Graduate Certificate of Public Health or Graduate Diploma of Public Health with a 4.8 GPA or higher.
- You are required to satisfy the applicable English language requirements and this degree requires a minimum of IELTS 6.5, or equivalent.

Bachelor of Physiotherapy (Honours)

Ipswich
4 years full-time
AUD 4120 per unit
AUD 32 960 per year
CRICOS: 111903D

Degree overview

Help improve people's quality of life by becoming a qualified physiotherapist with a degree from UniSQ. Graduate career-ready after completing a variety of industry placements with the Bachelor of Physiotherapy (Honours).

Learn about human anatomy, systems and movement from experienced academics and industry professionals to develop your critical thinking and practical skills.

During the five placement opportunities, you will gain experience in acute care, rehabilitation and community settings.

Entry requirements¹

- Your country's equivalent of the completion of Queensland's high school level (Years 11 and 12), plus one of Biology, Mathematical Methods, Physical Education, Chemistry, Physics, or Psychology (Units 3 and 4, C), or equivalent.
- You are required to satisfy the applicable English language requirements and this degree requires a minimum of IELTS 7.0, or equivalent.

Professional accreditation

As a graduate of the Bachelor of Physiotherapy (Honours) you will be recognised by the Physiotherapy Board of Australia (PBA) and will be eligible to apply for registration through the Australian Health Practitioner Regulation Agency (AHPRA) to practise physiotherapy within Australia.

1. Meeting the minimum entry requirements does not guarantee admission. Places within the Bachelor of Physiotherapy (Honours) are limited. Quota size is determined by the availability of placements. Where the quota is filled, no further places will be offered.

Bachelor of Sport and Exercise Science (Honours)

Ipswich, External
4 years full-time
AUD 4000 per unit
AUD 32 000 per year
CRICOS: 093264F

Degree overview

Our Bachelor of Sport and Exercise (Honours) with a major in Clinical Exercise Physiology is your opportunity to develop your expertise and skills ready for a career in the health, sports and fitness industry, a sector expanding rapidly as healthy living remains a focus in our social conscience.

Entry requirements

- Your country's equivalent of the completion of Queensland's high school level (Years 11 and 12), plus one of Biology, Mathematical Methods, Physical Education, Chemistry, Physics, or Psychology (Units 3 and 4, C), or equivalent.
- You are required to satisfy the applicable English language requirements and this degree requires a minimum of IELTS 7.0, or equivalent.

Professional accreditation

The Bachelor of Sport and Exercise (Honours) is accredited with Exercise & Sports Science Australia (ESSA) at the level of Accredited Exercise Physiologist.

Psychology and Wellbeing

Play a part in improving people's quality of life. Help solve growing societal issues and improve people's quality of life. Psychologists, counsellors and community service workers are the future of wellbeing.

Counselling Psychology

I'm curious about ...

caring for people, problem solving, talking to people, health subjects, health promotion, advocating.

I can see myself working as a ...

psychologist, counsellor, guidance officer, mental health practitioner, child safety officer, youth worker, mental health advocate, case officer, development and welfare officer.

And making an impact in ...

hospitals, private practice, corporate health and wellbeing, community health services, telehealth or mental health services, community or welfare organisations, remote or rural communities.

Psychology and Wellbeing

Bachelor of Psychology (Honours)

Ipswich
4 years full-time
AUD 4000 per unit
AUD 32 000 per year
CRICOS: 062647C

Degree overview

Do you want to work as a psychologist? UniSQ's Bachelor of Psychology (Honours) is developed specifically for those of you who wish to become practitioners. The program places a heavy emphasis on developing both research and professional skills, including a deep understanding of the ethical principles that inform psychological practice.

Throughout the degree, you will be involved in research projects and in activities that foster psychological professional skills. By the end of your degree, you will have had exposure to treatment regimens and experience in the interpretation of psychological tests.

Entry requirements

- Your country's equivalent of the completion of Queensland's high school level (Years 11 and 12).
- You are required to satisfy the applicable English language requirements and this degree requires a minimum of IELTS 6.0, or equivalent.

Master of Clinical Psychology

Ipswich
2 years full-time
AUD 3790 per unit
AUD 30 320 per year
CRICOS: 0101389

Degree overview

Our Master of Clinical Psychology provides advanced training in psychological assessment and clinical intervention, and has been developed for students wishing to gain registration as a psychologist with an area of practice endorsement in clinical psychology. Learn high-level clinical skills to become prepared for entry into the clinical registrar program leading to clinical endorsement.

Entry requirements

- Completion of an Australian Psychology Accreditation Council (APAC) - accredited AQF Level 8, 4-year bachelor degree, or equivalent.
- Hold, or be eligible for, immediate Provisional Registration or General Registration from the Psychology Board of Australia.
- In addition, applicants are also asked to submit the following for consideration as part of their application:
 - Provide 2 Referee Reports.
 - Provide a 1–2-page report which addresses the Master of Clinical Psychology selection criteria.
 - Be assessed in a face-to-face interview with a panel of School staff.
 - Provide an academic transcript demonstrating strong academic performance.
 - Provide a CV of your work and study history.
- You are required to satisfy the applicable English language requirements and this degree requires a minimum of IELTS 7.0, or equivalent.

Sciences

Scientists are the driving force behind innovation. They contribute to the growth of modern society. Make your mark on the future of pioneering industries, like space exploration, high-speed travel, and medical advancements. While you're learning, be supported and inspired by industry experts and impactful research.

- Agricultural Science
- Animal Science
- Astronomical and Space Sciences
- Biology
- Biomedical Sciences
- Climate Science
- Environmental Science
- Food Science
- Mathematics and Statistics
- Medical Laboratory Science
- Physics and Physical Sciences
- Wildlife Management
- Wine Science

I'm curious about ...
discovering why things work, investigating problems, researching and testing new technologies, exploring biological advances, experimenting in laboratories, looking after the environment and wildlife, growing food or plants, developing new software.

I can see myself working as a ...
water scientist, ecologist, mathematician, physicist, climate scientist, environmental scientist, biologist, biomedical scientist, forensic scientist, medical laboratory scientist, ranger, wildlife management officer, zookeeper, food scientist, wine scientist, data analyst, researcher.

And making an impact in ...
laboratories, hospitals, government testing facilities, data analysis facilities, schools, research companies, outdoor settings, the natural environment.

Sciences

Bachelor of Science

Toowoomba, Springfield, Ipswich, External, Online
3 years full-time
AUD 4350 per unit
AUD 34 800 per year
CRICOS: 042230E

Degree overview

Develop your curious mind and learn to contribute to scientific developments with our Bachelor of Science. This program allows you to develop your analytical and problem-solving skills, and immerse yourself in your chosen scientific field. UniSQ's academics work to prepare you to be an independent thinker for you to have a successful career in the sciences.

Majors

Animal Science

Study key aspects of livestock health and welfare, product quality, farm safety, and animal ethics, to ensure humane and sustainable food production. You'll examine emerging technologies in animal breeding programs, and learn to apply cognitive and technical skills in the area of genetics.

Astronomical and Space Sciences

Learn to understand the universe using observations, experiments, and theoretical and numerical studies. Use data from UniSQ's world-class Mt Kent Observatory, the only professional observatory in the Southern Hemisphere that hosts a telescope array dedicated to the follow-up of NASA's Transiting Exoplanet Survey Satellite mission.

Biology

Gain solid foundational knowledge in biology, and the characteristics and diversity of organisms. You can deepen your knowledge in disciplines, such as biochemistry, genetics, microbiology, ecology and plant physiology.

Computing

Develop your skills and knowledge in key areas of computing, including software development and computer database. Combine your computing skills with other sciences and be relevant to a workforce that thrives on science and technology.

Environment and Sustainability

Explore environmental science, biodiversity, conservation, climate change mitigation and adaption of natural resource management. Help to plan for a more sustainable future and study subjects that focus on climatology, ecology and conservation.

Food Science

Discover the science behind the development of new food products and join one of the country's most important industries. You'll study food chemistry and analysis, food processing, food safety and product development.

Geospatial Science

This important field of study helps to answer questions and draw conclusions about the relationship between people, places and the environment, and to help predict trends and patterns for the future.

Human Physiology

Study the mechanical, physical and biochemical functions of humans in health and disease. You'll study human anatomy and physiology, biochemistry, microbiology and molecular biology.

Information Technology

Build your skills in software development, programming, languages, networking, and the design and implementation of computer systems and information systems. This major is professionally accredited. Graduates are relevant to a continuously changing industry, and can work in Australia and worldwide.

Mathematics and Statistics

Develop a solid foundation for a wide variety of careers and gain practical skills in undertaking analysis. Examine the fundamentals of theoretical and applied statistics, mathematical modelling and operations research, and computing and coding skills.

Physics

You will explore optics, photonics, modern physics and quantum mechanics, and learn to use the tools (including mathematics), methodologies, language and conventions of physics to test and communicate ideas and explanations.

Plant Agricultural Science

Explore topics in plant physiology, agronomy, plant microbe interactions, soil science, genetics and postharvest technologies. You'll learn about the impacts of agricultural practices on soil, water and other species to enable you to contribute to the sustainability of the agricultural environment.

Psychology

Examine the different types of psychological phenomena using scientific methods, and apply these findings to help treat mental illnesses. Graduates of this professionally accredited major can continue further study to gain full registration as a psychologist in Queensland.

Wildlife Management

Preserve and protect wildlife with hands-on courses in Wildlife Management. Develop knowledge in field safety, transport and survival skills, trapping equipment and survey techniques. Gain diverse practical skills during a field trip in your first year, wildlife industry placements and a third-year research project.

Wine Science

Learn how to grow your grapes or produce wine, and join an exciting and growing industry. Gain on-site training in commercial vineyards, wineries, winery laboratories and sensory analysis at the Queensland College of Wine Tourism.

Extended majors

Delve into certain study areas and enrol in an extended major to build your subject matter expertise. The Psychology major is offered as an extended major.

Entry requirements

- Your country's equivalent of the completion of Queensland high school level (Years 11 and 12), including the study of mathematics, or equivalent.
- You are required to satisfy the applicable English language requirements and this degree requires a minimum of IELTS 6.0, or equivalent.

Professional accreditation

The Psychology and Psychology Extended majors are fully accredited by the Australian Psychology Accreditation Council as a three-year sequence of study.

The Information Technology major of this program is accredited at professional level by the Australian Computer Society and, through the Seoul Accord, is recognised in other countries.

Professional experience

Practical experience is an integral component of the Wildlife Management major and each student is required to undertake and satisfactorily complete 105 hours of practical experience.

UniSQ is one of two universities in the world that is recognised by the United Nations (UN) Integrated Drought Management Program as having global leadership in drought research.

Master of Science

Toowoomba, Ipswich, External
2 years full-time
AUD 4700 per unit
AUD 37 600 per year
CRICOS: 078596M

Degree overview

The Master of Science allows you to gain professional development in science according to individual interests, needs and prior study.

With an opportunity to combine coursework and research, UniSQ's Master of Science is ideal if you're a professional who would like to further your knowledge and expertise, change your career, or if you have a degree in a different discipline.

Choose from a range of specialisations, from Agricultural Science to Environment and Sustainability, to develop your professional skill set and assist in career progression.

Entry requirements

- Completion of an Australian university 3-year bachelor degree, or equivalent,

or

equivalent professional full-time work experience.

- You are required to satisfy the applicable English language requirements and this degree requires a minimum of IELTS 6.5, or equivalent.

Professional accreditation

This masters degree is accredited by the Australian Computer Society (ACS), giving eligibility for ACS membership, and recognition by ACS for certification.

Bachelor of Medical Laboratory Science

Toowoomba, External
3 years full-time
AUD 4350 per unit
AUD 34 800 per year
CRICOS: 098992M

Degree overview

Our Bachelor of Medical Laboratory Science will enable you to learn how to examine blood samples to identify different types of anaemia, leukaemia and malaria, as well as how to determine the blood group of a patient requiring a transfusion. Develop the skills required to process patient tissue samples for diagnosis of diseases, such as cancer.

Entry requirements

- Your country's equivalent of the completion of Queensland high school level (Years 11 and 12).
- You are required to satisfy the applicable English language requirements and this degree requires a minimum of IELTS 6.0, or equivalent.

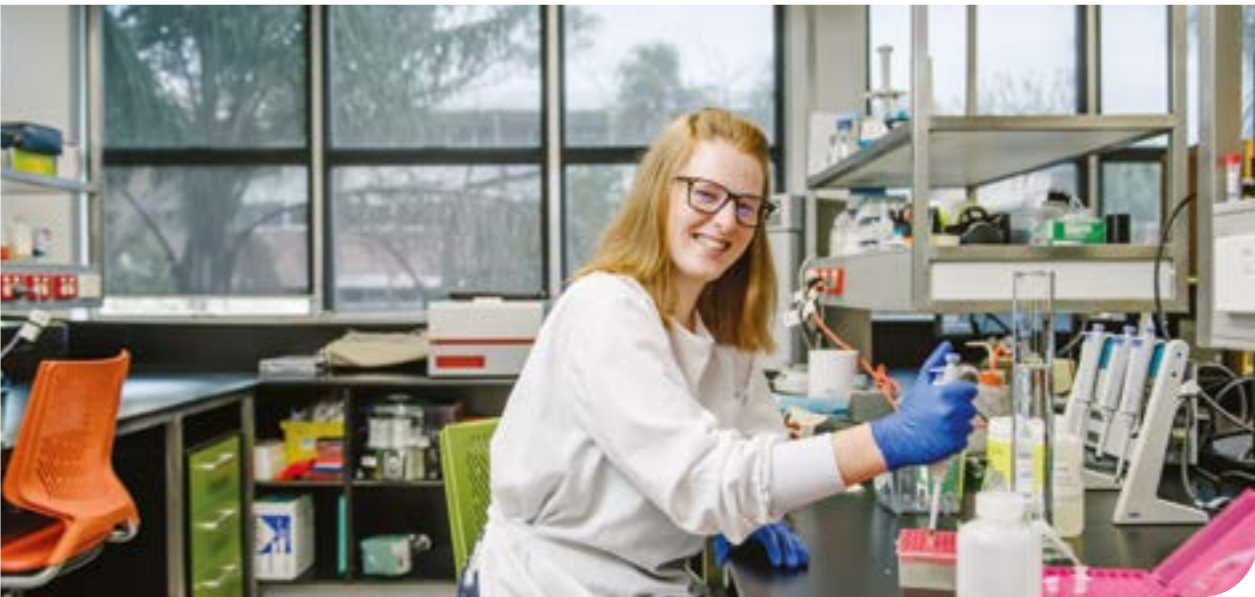

Professional accreditation

The Bachelor of Medical Laboratory Science is accredited with the Australian Institute of Medical and Clinical Scientists (AIMS) and graduates are eligible for free student membership of AIMS.

You will also be eligible to apply for membership to professional organisations, including the Australian Society for Microbiology, Australian Society for Biochemistry and Molecular Biology, and the Australian Society for Medical Research.

Professional experience

Practical experience is an integral component of this program and each student is required to undertake and satisfactorily complete 80 days of practical experience in NATA-accredited laboratories.

Bachelor of Science (Honours)

Toowoomba, Ipswich, External, Online
1 year full-time
AUD 4350 per unit
AUD 34 800 per year
CRICOS: 043510M

Degree overview

Build on your knowledge and pursue your science passion with our Bachelor of Science (Honours). During your studies, you can choose your area of specialisation from the range of disciplines available and conduct a supervised research project and develop your research skills.

Entry requirements

- Completion of an Australian university bachelor degree (or equivalent) in the area of honours study from a recognised institution, with a minimum GPA of 5.0, or equivalent.
- Applicants must also be current in the major area of study. To ensure currency of knowledge, applicants will have commenced the undergraduate degree no earlier than 8 years previous to the year of application, and will have satisfied requirements for the award of that degree no more than 3 years previously.
- You are required to satisfy the applicable English language requirements and this degree requires a minimum of IELTS 6.0, or equivalent.

Major	Campus

Surveying and Built Environment

Degrees for careers that help to build our future. You could be working in areas as innovative as satellite imagery and geographical information systems, or surveying and construction management – choose how you want to make your mark in the world around you.

Construction Management
Geographic Information Systems (GIS)
Surveying
Urban and Regional Planning

I'm curious about ...

planning, solving problems, managing tasks, working outdoors, using the latest technology, design, map creation, maths subjects, flying drones, attention to detail, building things.

I can see myself working as a ...

surveyor, construction project manager, town planner, spatial analyst.

And making an impact in ...

local councils, private consultancy firms, government institutions, construction companies, mining companies, land development companies.

Surveying and Built Environment

Bachelor of Construction (Honours)

Springfield, External
4 years full-time
AUD 4410 per unit
AUD 35 280 per year
CRICOS: 089494D

Degree overview

Construction is one of Australia's fastest-growing industries and should continue to expand. Large infrastructure projects cost millions of dollars and take years to complete, so the need for construction managers to handle project time frames and budget is critical.

The Bachelor of Construction (Honours) gives you skills to apply your expertise of engineering solutions to construction problems and work in some of the world's most influential industries.

UniSQ offers industry-based practical experience that allows you to put your study into practice.

Entry requirements

- Your country's equivalent of the completion of Queensland high school level (Years 11 and 12), including the study of mathematics, or equivalent.
- You are required to satisfy the applicable English language requirements and this degree requires a minimum of IELTS 6.0, or equivalent.

Bachelor of Urban and Regional Planning (Honours)

Toowoomba, External
4 years full-time
AUD 4410 per unit
AUD 35 280 per year
CRICOS: 098374D

Degree overview

Explore town planning with our Bachelor of Urban and Regional Planning (Honours). Develop skills in community consultation, using land and human resources sustainably, planning legislation and processes, economics, transport planning, urban design, plan making, and project management.

Entry requirements

- Your country's equivalent of the completion of Queensland high school level (Years 11 and 12).
- You are required to satisfy the applicable English language requirements and this degree requires a minimum of IELTS 6.0, or equivalent.

Professional accreditation

The Bachelor of Urban and Regional Planning (Honours) is accredited by the Planning Institute of Australia and graduates may seek Planner registration with the Planning Institute of Australia (PIA).

Some of our Surveying and Built Environment degrees are changing.

Bachelor of Music

Springfield, Online
3 years full-time
AUD 3360 per unit
AUD 26 880 per year
CRICOS: 103179E

Degree overview

From digital artistic collaborations, through to teaching music lessons online, UniSQ's Bachelor of Music acknowledges that today's musician will be globally connected.

The degree teaches contemporary popular music, but also engages technologies, particularly in recording and production, with great attention to developing a sustainable, ongoing practice for graduates.

Auditions are central to the application process and they provide an opportunity to find out more about each major, create rapport with our world-class lecturers and staff, as well as give you an idea if this degree is right for you.

Entry requirements

- Your country's equivalent of the completion of Queensland high school level (Years 11 and 12).
- On-campus applicants must attend an audition and interview, and perform 2 contrasting pieces. Applicants for online study will submit a video recording of their performances and attend a phone/online interview. Applicants will need to provide:
 - a school exit statement, or evidence of previous education standard achieved
 - any accompanying tracks on MP3 or an iPod if required
 - a written statement (500 words) addressing a musical experience which has inspired, motivated or moved you.
- You are required to satisfy the applicable English language requirements and this degree requires a minimum of IELTS 6.0, or equivalent.

Double degrees

Double what you learn, without doubling the time it takes to complete your study. And study the areas that interest you most – whether that’s blending your study in Arts and Science for a career in anthropology and human behaviour, or Business and Information Technology so you’re ready for innovative IT roles around the world. A double degree offers more ways to do amazing things.

- Arts and Business
- Arts and Law
- Arts and Science
- Business and IT
- Business and Law
- Business and Science

Why study a double degree?

- Improve your transferrable skill set which can be applied to several industries and sectors.
- You put yourself in a competitive position to excel in the workplace.
- It takes less time than doing the degrees separately.
- You save time and money.
- You graduate with two testamurs (official certificates) for each of your degrees.

Bachelor of Arts and Bachelor of Business

Toowoomba, Springfield, Online
4 years full-time
AUD 3520 per unit
AUD 28 160 per year
CRICOS: 099088B

Degree overview

Our Bachelor of Arts and Bachelor of Business combines your Business studies with experience in specialised fields, like International Relations, Advertising or Social Justice, enabling you to build networks, make contacts and improve your employment options.

You can choose between 20 majors in areas, such as Accounting, Public Relations, HR Management, Creative and Critical Writing, Economics, Marketing, International Relations, Anthropology or Social Justice.

Entry requirements

- Your country’s equivalent of the completion of Queensland’s high school level (Years 11 and 12).
- You are required to satisfy the applicable English language requirements and this degree requires a minimum of IELTS 6.0, or equivalent.

Bachelor of Arts and Bachelor of Laws

Toowoomba, Springfield, Ipswich, Online
5 years full-time
AUD 3520 per unit
AUD 28 160 per year
CRICOS: 075196G

Degree overview

Our Bachelor of Arts and Bachelor of Laws gives you an edge when applying for jobs as a community lawyer, legal officer, barrister or solicitor. When combined with a major in History, International Relations or Social Justice, this double degree enables you to follow your passion and pursue a range of employment.

The different areas of law you will explore throughout the program include criminal law, legal conflict and resolution, and legal professional practice and ethics. This is then combined with an Arts major of your choice, including Anthropology and Archaeology, Creative and Critical Writing, English Literature, Journalism, International Relations, History, and Contemporary Media.

Entry requirements

- Your country’s equivalent of the completion of Queensland’s high school level (Years 11 and 12).
- You are required to satisfy the applicable English language requirements and this degree requires a minimum of IELTS 6.5, or equivalent.

Double degrees

Bachelor of Arts and Bachelor of Science

Toowoomba, External
4 years full-time
AUD 3890 per unit
AUD 31 120 per year
CRICOS: 078597K

Degree overview

Combine your chosen Science major with a range of Arts skills and knowledge to enhance and expand your employment opportunities in scientific fields, in science communication and journalism, and in policy-making with our Bachelor of Arts and Bachelor of Science.

Entry requirements

- Your country’s equivalent of the completion of Queensland high school level (Years 11 and 12), including the study of mathematics, or equivalent.
- You are required to satisfy the applicable English language requirements and this degree requires a minimum of IELTS 6.0, or equivalent.

Bachelor of Business and Bachelor of Information Technology

Toowoomba, Springfield, Online
4 years full-time
AUD 3525 per unit
AUD 28 200 per year
CRICOS: 092730D

Degree overview

Be a leader in a technology-driven world, with a career that combines the best of the business world with your passion for information technology.

Our Bachelor of Business and Bachelor of Information Technology double degree provides you with knowledge and practical experience across the business, commerce and IT sectors, and gives you an advantage within the workforce.

Entry requirements

- Your country’s equivalent of the completion of Queensland high school level (Years 11 and 12).
- You are required to satisfy the applicable English language requirements and this degree requires a minimum of IELTS 6.0, or equivalent.

Professional accreditation

The Bachelor of Information Technology is accredited at professional level by the Australian Computer Society and, through the Seoul Accord, is recognised in other countries.

The Seoul Accord is a multi-lateral agreement that allows ACS accreditation to be recognised globally. This means when you graduate, your degree will be recognised by other countries who are members of the Accord.

Bachelor of Business and Bachelor of Laws

Toowoomba, Springfield, Online
5 years full-time
AUD 3485 per unit
AUD 27 880 per year
CRICOS: 092731C

Degree overview

Our Bachelor of Business and Bachelor of Laws provides you with exposure to multiple skill areas and employment opportunities in the dynamic business, commerce, or law industries.

Learn different approaches to ethical decision making, how to think creatively and analytically, and to communicate clearly and concisely in this professionally oriented program.

Entry requirements

- Your country’s equivalent of the completion of Queensland high school level (Years 11 and 12).
- You are required to satisfy the applicable English language requirements and this degree requires a minimum of IELTS 6.5, or equivalent.

Professional accreditation

The Bachelor of Laws has been accredited by the Legal Practitioners Admissions Board, Queensland, and the Chief Justice of the Supreme Court of Queensland, as an approved academic qualification under the *Supreme Court Admission Rules 2004 (QLD)*. This will partially satisfy the requirements to practise as a solicitor or barrister in Queensland, or as a legal practitioner elsewhere in Australia. Intending solicitors and barristers must also complete an approved practical legal training course in order to become admitted to practise law. Advice on practical legal training programs can be obtained through Ask UniSQ.

Graduates of the Finance major in Bachelor of Business will meet the educational entrance requirements to become a member of the Financial Services Institute of Australasia (FINSIA).

UniSQ is seeking accreditation for the Human Resource Management major by the Australian Human Resources Institute (AHRI). Upon accreditation approval, this major will satisfy the educational requirements for professional membership of AHRI.

Higher degrees by research

Awarded above world-class or well above world-class standards in 23 areas of research.¹

Nine research centres conducting world-class research with government, non-government, and industry partners.

Doctor of Philosophy

Toowoomba, Springfield, Ipswich, External
3 years full-time
AUD 3780/4200 per unit
AUD 30 240/33 600 per year
CRICOS: 088073M

Degree overview

Our Doctor of Philosophy (PhD) is a research program available in all Study Areas, and provides you with the skills to become an effective researcher in your previously studied discipline. By undertaking a Doctor of Philosophy, you will have expansive intellectual freedom to be able to make an original and substantial contribution to your area of study. UniSQ is committed to excellence in research training and providing a quality research training experience for our students. We maintain our relevance in research by linking with industry and business through local and international research networks.

Entry requirements¹

- An Australian university bachelor honours degree with First Class Honours or Second Class Honours (Division A), or equivalent,
- or
- an Australian university masters degree (with a significant research component) or equivalent,
- or
- other qualifications and/or experiences equivalent to First Class or Second Class Honours (Division A).
- An English proficiency level tested in the last 2 years at an IELTS of 6.5 (no band less than 6.0), or equivalent.

Master of Research

Toowoomba, Springfield, Ipswich, Online
2 years full-time
AUD 4200 per unit
AUD 33 600 per year
CRICOS: 108591H

Degree overview

Our Master of Research allows you to develop your research skills, specialist knowledge and produce original contributions in your chosen field, supported by expert professionals and renowned academics. Expand your critical thinking, applied research and evaluation skills, develop rigorous research design capabilities, and the ability to report and share your research outcomes.

Entry requirements²

- Completion of an Australian university 3-year bachelor degree in a relevant discipline with a GPA of 5.0/7.0 or above, or equivalent,
- or
- completion of an Australian university 3-year bachelor degree in a relevant discipline and have successfully completed a coursework masters, with a GPA of 5.0/7.0 or above, or equivalent.
- An English proficiency level tested in the last 2 years at an IELTS of 6.5 (no band less than 6.0), or equivalent.
 - Acceptance will be subject to the availability of, and endorsement by, a UniSQ supervisor.

Professional experience

You have the opportunity to participate in an optional industry internship placement relevant to your research area.³

Want to know more?

For more details on any of our degrees, please visit unisq.edu.au/study

1 To start your PhD, you need to clarify your research topic and seek an academic staff member to be your supervisor.

2 In addition to the entry requirements, students in the Psychology research specialisation will need to have completed an APAC-accredited three3-year sequence undergraduate program in psychology and to be current in the area of psychology. This means students need to have commenced their studies in an APAC-accredited program no earlier than eight years previous to the year of application, and have satisfied requirements for the award of the degree no more than three years previously. The rationale for this is to ensure students can still demonstrate a breadth/depth of knowledge, skills and application in psychology, and meet APAC competencies.

3 Internships require approval from your Primary Supervisor and the Graduate Research School.

Higher degrees by research

Be part of our global impact

As a research-intensive regional university, we are discovering solutions to build a strong and sustainable future. Key to our research culture is working with industries to understand the problems they face, and collaboratively developing new ideas and technologies to provide innovative solutions. Our research has a real impact, with tangible benefits demonstrated across a wide range of critical challenges, regionally and across the globe.

Our research institutes and centres host unique state-of-the-art facilities. These facilities support a broad spectrum of research programs across many STEM and social science disciplines.

iLAUNCH

UniSQ is proud to be leading the Innovative Launch, Automation, Novel Materials, Communications, and Hypersonics (iLAUNCH) program in collaboration with 20+ industry organisations and three universities (University of Southern Queensland, the Australian National University, and the University of South Australia).

Visit unisq.edu.au/research/ilaunch to learn more.

Be supported by our Graduate Research School

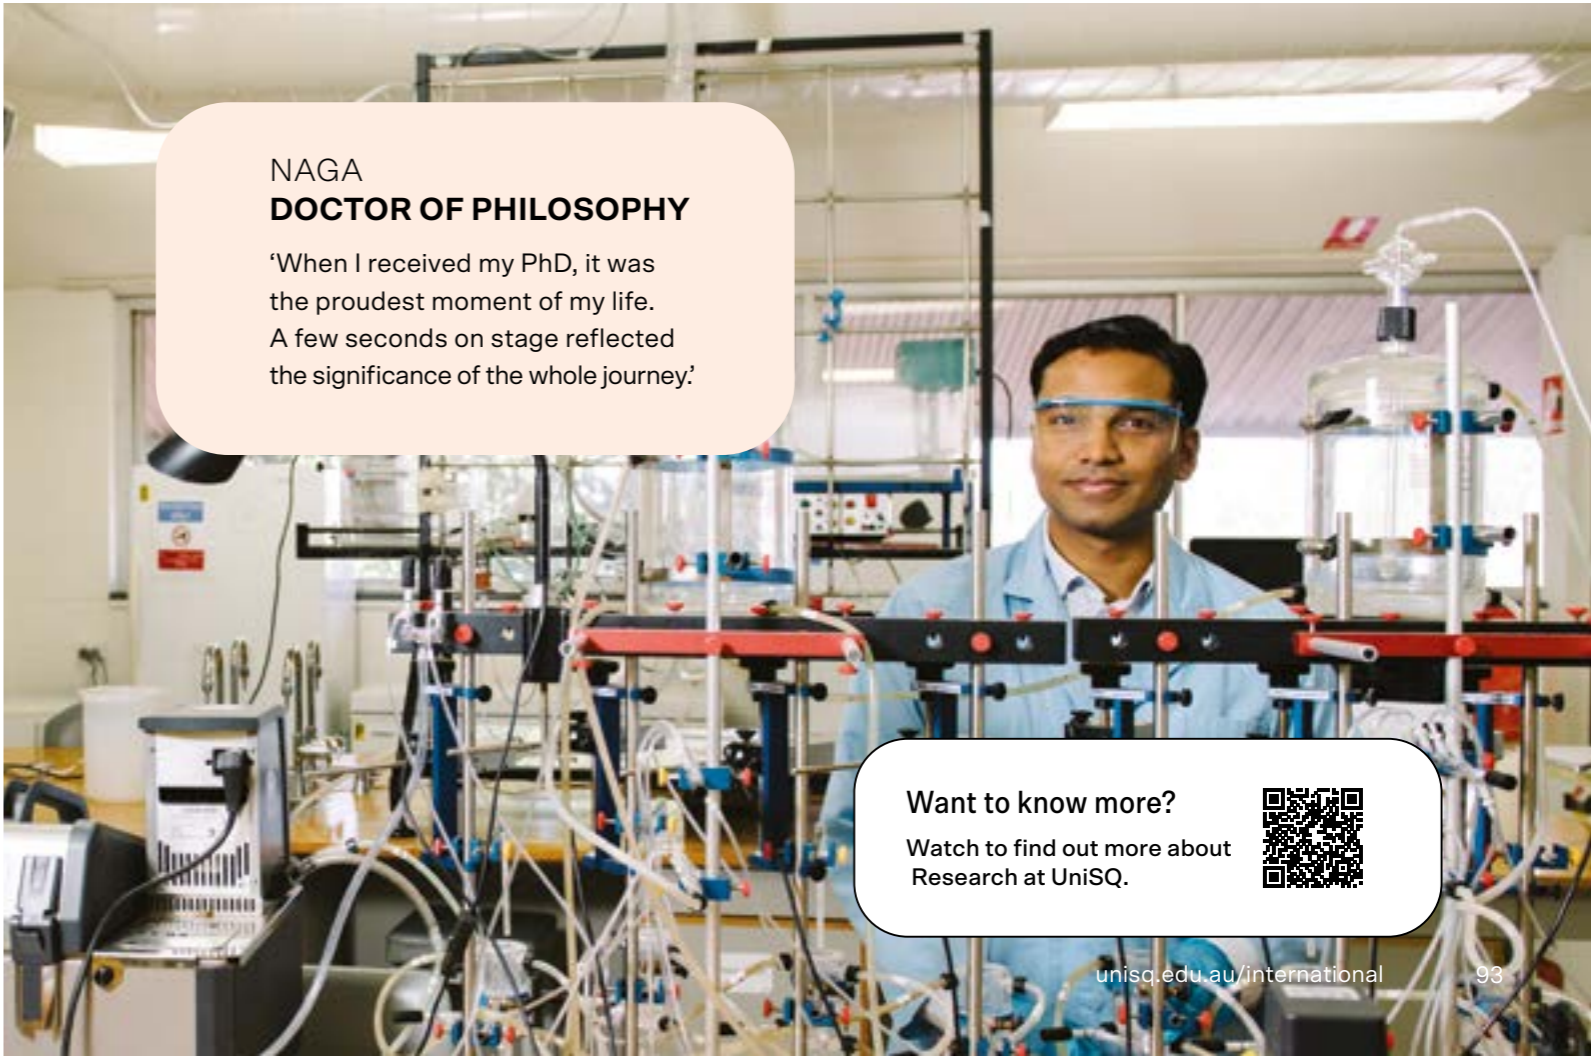

UniSQ’s globally focused Graduate Research School supports all Higher Degree by Research (HDR) training, building a successful learning environment for UniSQ’s HDR students. All HDR students have access to diverse facilities and are supervised by UniSQ researchers and partners, in a supportive and rewarding research environment.

Cotutelle PhD program

Be a part of UniSQ’s world-leading researchers that help create world-changing results. Our Cotutelle PhD program opens doors to international research candidates and supervisors, allowing for joint supervision and dual PhD awards.

Why complete a Cotutelle PhD program with UniSQ?

- Joint enrolment at UniSQ and a partner university
- Separate progress assessments
- Single thesis submitted to both universities
- Separate examination
- Two testamurs
- Two graduation ceremonies

NAGA
DOCTOR OF PHILOSOPHY

‘When I received my PhD, it was the proudest moment of my life. A few seconds on stage reflected the significance of the whole journey.’

English language programs

Before you start your studies at UniSQ, you will need to meet specific English language levels. Designed specifically for students from non-English-speaking backgrounds, our English language programs and short-term training programs will prepare you for entry into a UniSQ degree, enhance your career prospects, and improve your written and spoken English.

UniSQ's General English ELICOS program is endorsed by the National ELT Accreditation Scheme.

English language programs

General English ELICOS (English Language Intensive Courses for Overseas Students)

11 April 2023, 29 August 2023, 24 April 2024, 10 July 2024
Toowoomba
5–10 weeks
AUD 406 per week
CRICOS 070617J

Program overview¹

We offer three levels of General English ELICOS programs: Elementary ELICOS, Pre-Intermediate ELICOS and Intermediate ELICOS. Students are placed in an appropriate level to suit their current English abilities. Our academics work with students to improve their English proficiency and use a combination of assignments and exams to measure improvements.

Entry requirements

- Your country’s equivalent of the completion of Queensland high school level (Years 11 and 12), or equivalent.
 - Elementary ELICOS: An English proficiency level tested in the last 2 years at an IELTS of 3.5 (no band less than 3.5), or equivalent,
- or
- Pre-Intermediate ELICOS: An English proficiency level tested in the last 2 years at an IELTS of 4.0 (no band less than 4.0), or equivalent,
- or
- Intermediate ELICOS: An English proficiency level tested in the last 2 years at an IELTS of 4.5 (no band less than 4.5), or equivalent.

Professional accreditation

UniSQ’s ELICOS program is endorsed by the National ELT Accreditation Scheme.

¹ Students are required to provide evidence of their English language proficiency on an internationally recognised test of English prior to arrival. On arrival, students will then be tested using the UniSQ placement test to determine allocation to either Level 1, 2 or 3. Students with an IELTS score below 3.5 will not be accepted into the ELICOS program.

English for Academic Purposes EAP I–II ACS I–III

EAP I to ACS 3
5th February–12th April 2024
15th April–21st June 2024
24th June–30th August 2024
14th October–20th December 2024

EAP II
10 weeks | 4 units
ACS I
10 weeks | 4 unit
ACS II
10 weeks | 2 units
ACS III
10 weeks | 2 units

EAP AUD 1070 per unit
ACS AUD 2140 per unit
EAP CRICOS: 069700B
ACS CRICOS: 102584M

Program overview

These programs are designed to prepare you for success in future university studies and meet the English language requirements up to an IELTS of 7.5, or equivalent, for entry into your chosen program. The programs EAP I, EAP II, ACS I, ACS II and ACS III are designed to increase your academic English skills in accordance with UniSQ’s English Language Proficiency Requirement Schedule, and are delivered in a caring and professional educational environment.

Entry requirements

- Your country’s equivalent of the completion of Queensland high school level (Years 11 and 12), or equivalent.
 - EAP I: An English proficiency level tested in the last 2 years at an IELTS of 5.0 (no band less than 5.0), or equivalent,
- or
- EAP II: An English proficiency level tested in the last 2 years at an IELTS of 5.5 (no band less than 5.5), or equivalent,
- or
- ACS I: An English proficiency level tested in the last 2 years at an IELTS of 6.0 (no band less than 6.0), or equivalent,
- or
- ACS II: An English proficiency level tested in the last 2 years at an IELTS of 6.5 (no band less than 6.5), or equivalent,
- or
- ACS III: An English proficiency level tested in the last 2 years at an IELTS of 7.0 (no band less than 7.0), or equivalent.

Learn your way

With the Union Institute of Language (UIL)

The University of Southern Queensland has successfully acquired UIL, and we will work together seamlessly to provide high-quality language services and higher education pathways for international students pursuing undergraduate and postgraduate studies with UniSQ. To learn more about UIL and what this program can offer you, visit uil.edu.au.

Notes:

Programs listed are subject to change at the discretion of the University. Program information is correct at the time of printing.

The November intake (Semester 3) mainly offers courses (subjects) via online study.

Please refer to the UniSQ Handbook for the most accurate program details and information on entry requirements, enrolment patterns, fees and Residential Schools (if applicable). Depending on your chosen major or specialisation, higher fees may apply for laboratory courses.

Please note that not all programs, majors or specialisations are offered on all campuses, in all modes, or in all semesters. Please also ensure your chosen program meets your visa requirements. The handbook is available on the UniSQ website: unisq.edu.au/handbook.

Scholarships

Be rewarded

We offer a range of scholarships, bursaries and grants to help international students. These are regularly updated, so please check the latest information on our website:

unisq.edu.au/scholarships.

You can also check for sponsorship offerings in your home country.

How to apply

Six steps towards your future

1. Find your program

- Consider your future career goals by looking at industry trends. Discover the study areas that suit your career aspiration, and interest, at unisq.edu.au/career-explorer
- Choose your desired program to study at UniSQ at unisq.edu.au/study
- Join our research-intensive regional university and study a research program. Explore available research topics at fyrt.unisq.edu.au, and find a research supervisor for your chosen field of interest at expertfinder.unisq.edu.au.

2. Find a UniSQ Education Agent

You can contact one of our approved agents to guide you through the application process. You can find a UniSQ agent in your region at unisq.edu.au/agents-partners.

Our agents provide:

- advice on your study plans
- advice on applying to UniSQ
- document certification
- assistance with any pre-departure arrangements
- assistance with your visa requirements.

3. Check entry requirements

- Find the specific entry requirements for your degree at usq.edu.au/study
- Check that you meet our English language requirements at usq.edu.au/international/english
- If you are considering a research degree, check the application steps at usq.edu.au/research

4. Collect and certify your documents

To support your application, you will also need to submit certified copies of:

- identity documents (passport)
- evidence of your English language proficiency
- senior high school (A levels/Year 12) certificate and academic transcripts
- all post-secondary study certificates and academic transcripts (if any)
- evidence of work experience (if required).

5. Apply

You can submit your application through a UniSQ-approved agent, or directly via UniSQ's online application system at unisq.edu.au/international/apply

6. Accept your offer

- Once you have received your Letter of Offer, you will need to return your signed Acceptance of Offer form.
- Our team will contact you to advise you on the next steps of completing the Acceptance of Offer process.

COVID Information

The University continues to practise a COVID-safe plan. Please visit our website for the most updated COVID-19 information.

Important information

- Learn about the Australian Government's Education Services for Overseas Students (ESOS) framework, and how quality is assured at UniSQ, by visiting internationaleducation.gov.au
- Find out more about studying, working and living in Australia at studyinaustralia.gov.au
- If you're a holder of a student visa, you will require Overseas Student Health Cover (OSHC). Learn more about insurance by visiting studyaustralia.gov.au/english/live/insurance
- Check streamlined study visa processing requirements at homeaffairs.gov.au.

If yes, please ensure to provide certified copies of your transcripts with a comprehensive syllabus which details course descriptions, learning hours and assessment methods for each relevant unit that you wish to gain credit for.

Have you been excluded, or are liable for exclusion from another tertiary institution in relation to a previous enrolment? ☐ No ☐ Yes

If yes, please provide details (institution and exclusion dates, etc.).

5. English Language Proficiency

Is English your first language? ☐ No ☐ Yes

If yes, please move to section 6

Have you undertaken any of the following English tests?

☐ TOEFL ☐ IELTS ☐ PTE ☐ Other – Please specify _____

Please ensure to provide a [certified copy](#) of any test results received.

Do you wish to study an English program before commencing your program? ☐ No ☐ Yes

6. Employment Experience

Some programs (refer to the [USQ Handbook](#)) will require evidence of employment experience to be provided.

This is also a requirement if you are applying to study on-campus. Where applicable please ensure to attach a detailed Curriculum Vitae (CV)/Resume with letters of reference or other relevant documentary evidence of your employment experience.

Start Date	Finish Date	Occupation Title	Main Tasks or Duties	Name of Employer

SECTION 7 – 11 TO BE COMPLETED BY ON-CAMPUS APPLICANTS ONLY

7. Immigration History

Have you or your partner ever had a visa application rejected (from any country) ☐ No ☐ Yes

If yes, please provide the country, date of rejection and reason (copy of refusal letter to be attached)

8. Relevant Qualification and Future Expectation for the Proposed Program

Does the program advance and directly relate to your previous studies/work experience?

Please explain in detail your reason to study the proposed program:

What is your future plan and what benefit will this program be to you in the future? ☐ No ☐ Yes

9. Study Gap

Please explain all gaps in your history of study and/or work experience (including how long and why):

10. Dependant Background

Are you married? ☐ No ☐ Yes

If yes, please state date of marriage ____ / ____ / ____

Are you and your spouse living together? ☐ No ☐ Yes

Is your spouse currently employed ☐ No ☐ Yes

Do you have any children? ☐ No ☐ Yes

If yes, please list number of children ____ list the children (s) ages _____

Will your spouse and/or children join you as dependants in Australia ☐ No ☐ Yes

11. Finances

Have you researched studying in Australia before applying to USQ? ☐ No ☐ Yes

How do you intend to pay for your tuition fees? (Please note that USQ Scholarships are generally NOT available to new students)

How do you intend to pay for your cost of living and general expenses whilst studying with USQ in Australia?

(Please indicate specific amount you have allocated for this):

Please indicate where you intend to live whilst studying with USQ, if accepted:

Do you intend to live with friends/family already residing in Australia? If so, who?

If you intend to be a sponsored student, then who is expected to pay for your tuition costs and living expenses:

12. How Did You Hear About USQ?

☐ Recommended by friend/relative

☐ Exhibition/Seminar

☐ IDP Education Australia

☐ I met a USQ representative

☐ Internet/Social Media

☐ Newspaper

☐ Magazine

☐ Other (please specify) _____

13. Terms and Conditions

I declare that the information supplied by me in this form and relevant attachments are true and correct. I understand that the University may vary or terminate its offer of a place at USQ or any subsequent agreement regarding study at USQ if any of the information provided by me is shown to be incorrect. I have read and accept the University's fees, charges and refund policy (<https://policy.usq.edu.au/documents/13431PL>). I understand that there are limited places available and that early submission of this application will give me a better chance of obtaining a place in the program of my choice. I am aware of the applicable tuition fees and understand that I do not have to pay until I return the Acceptance of Offer Form included in the letter of offer from the University. USQ collects personal information for university purposes of providing tertiary education and related ancillary services and associated functions pursuant to the University of Southern Queensland Act 1998 and the information on this form for the purposes of assessing your application and if applicable, processing your enrolment. USQ collects this information in accordance with the Commonwealth Higher Education Funding Act 1988, Higher Education Support Act 2003, the Education Services for Overseas Students Act 2000 (ESOS Act), ESOS Regulations 2001 and the National Code of Practice for Providers of Education and Training to Overseas Students 2018. Where relevant USQ may give all or some of this information to other education providers to administer cross institution enrolments; Commonwealth and state government departments, agencies or their authorised agents or contracted service providers and to USQ approved Representatives (agents and partners) and to other organisations (including international entities) who provide sponsorship or funding for your studies to seek verification of information or provide information regarding your studies (and visas and overseas student health cover if applicable) or to enable surveys concerning your education to be undertaken, and other students enrolled in the same courses as you or as may be required by a Faculty to facilitate USQ's provision of tertiary education services to you and other students including in the future. Other than as set out above, personal information will not be disclosed without your consent unless required or authorised by law. Please refer to USQ's Privacy Policy and USQ's Privacy Plan. To facilitate USQ's provision of tertiary education and related ancillary services and associated functions, you acknowledge and consent to the disclosures set out above and to the transfer of your personal information outside of Australia and communication via any available electronic means. In handling any personal information disclosed to you by the university, you agree to use this information for purposes of your study at USQ only and to abide by USQ's ICT Information Management and Security Policy and the ICT Standard for Use of ICT Resources Policy.

Signature _____ Date ____/____/____

14. Lodging Your Application

To ensure your application is processed without delay, please attach certified colour photocopies of academic transcripts and certificates (i.e. signed by a teacher, lawyer, your local USQ representative or other person in authority).

If your documents are not in English, please attach certified English translated versions of your documents. Do not send original documents. Failure to include attachments may delay the processing of your application.

Please note: USQ does not charge an application fee. Lodge this application with your local USQ Agent or USQ Education Partner or, if none, email/fax direct to USQ International Admissions.
