-  2 years full-time (16 units)
-  AUD 3780/4630 per unit
AUD 30240/37040 per year
-  CRICOS: 108591H

Program overview

Our Master of Research allows you to develop your research skills, specialist knowledge and produce original contributions in your chosen field, supported by expert professionals and renowned academics. Expand your critical thinking, applied research and evaluation skills, develop rigorous research design capabilities, and the ability to report and share your research outcomes.

Entry requirements¹

- Completion of an Australian university three-year Bachelor degree in a relevant discipline with a GPA of 5.0/7.0 or above, or equivalent.

OR

- Completion of an Australian university three-year Bachelor degree in a relevant discipline and have successfully completed a coursework masters, with a GPA of 5.0/7.0 or above, or equivalent.
- An English proficiency level tested in the last two years at an IELTS of 6.5 (no band less than 6.0), or equivalent.

PLUS

- Acceptance will be subject to the availability of, and endorsement by, a UniSQ supervisor.

Professional experience

You have the opportunity to participate in an optional industry internship placement relevant to your research area.²

¹ In addition to the entry requirements, students in the Psychology research specialisation will need to have completed an APAC-accredited 3-year sequence undergraduate program in psychology and to be current in the area of psychology. This means students need to have commenced their studies in an APAC-accredited program no earlier than 8 years previous to the year of application and have satisfied requirements for the award of the degree no more than 3 years previously. The rationale for this is to ensure students can still demonstrate a breadth/depth of knowledge, skills, and application in psychology and meet APAC competencies.

² Internships require approval from your Primary Supervisor and the Graduate Research School.

Notes:

Programs listed are subject to change at the discretion of the University.

The November intake (Semester 3) mainly offers courses (subjects) via online study.

Please refer to the UniSQ Handbook for the most accurate program details and information on entry requirements, enrolment patterns, fees and Residential Schools (if applicable). Depending on your chosen major or specialisation, higher fees may apply for laboratory courses.

Please note that not all programs, majors or specialisations are offered on all campuses, in all modes, or in all semesters. Please also ensure your chosen program meets your visa requirements. The handbook is available on the UniSQ website: unisq.edu.au/handbook

Scholarships

Be rewarded

We offer a range of scholarships, bursaries and grants to help international students. These are regularly updated, so please check the latest information on our website: unisq.edu.au/scholarships

You can also check for sponsorship offerings in your home country.

How to apply

Six steps towards your future

1 | Find your program

- Consider your future career goals by looking at industry trends. Discover the study areas that suit your career aspiration, and interest at unisq.edu.au/career-explorer
- Choose your desired program to study at UniSQ at unisq.edu.au/study
- Join our research-intensive regional university and study a research program. Explore available research topics at fyrt.unisq.edu.au, and find a research supervisor for your chosen field of interest at expertfinder.unisq.edu.au

2 | Find a UniSQ Education Agent

You can contact one of our approved agents to guide you through the application process. You can find a UniSQ agent in your region at unisq.edu.au/agents-partners

Our agents provide:

- advice on your study plans
- advice on applying to UniSQ
- document certification
- assistance with any pre-departure arrangements
- assistance with your visa requirements.

Important Information

- Learn about the Australian Government's Education Services for Overseas Students (ESOS) framework and how quality is assured at UniSQ by visiting internationaleducation.gov.au
- Find out more about studying, working and living in Australia at studyinaustralia.gov.au
- If you're a holder of a student visa, you will require Overseas Student Health Cover (OSHC).
- Check streamlined study visa processing requirements at homeaffairs.gov.au

3 | Check entry requirements

Find the specific entry requirements for your program at unisq.edu.au/study

Check that you meet our English language requirements at unisq.edu.au/international/english

If you are considering a research degree program, check the application steps at unisq.edu.au/research

Covid Information

The University is continuing to monitor and coordinate UniSQ's actions in relation to the evolving COVID-19 situation. Please visit our website for the most updated COVID information.

4 | Collect and certify your documents

To support your application, you will also need to submit certified copies of:

- identity documents (Passport)
- evidence of your English language proficiency of your English language
- senior high school (A levels / Year 12) certificate and academic transcripts
- all post-secondary study certificates and academic transcripts (if any) certificates
- evidence of work experience (if required). If work experience (if required).

5 | Apply

You can submit your application through a UniSQ approved agent, or directly via UniSQ's online application system at unisq.edu.au/international/apply

6 | Accept your offer

Once you have received your Letter of Offer, you will need to return your signed Acceptance of Offer form.

Our team will contact you to advise you on the next steps of completing the Acceptance of Offer process.
