

Our Career Outreach sessions are age-appropriate, interactive, scaffolded and are shaped to align with the Queensland Curriculum (general capabilities), Australian Blueprint for Career Development (ABCD), and contemporary research to support the unique, developmental needs of the students you support.

EXPLORE

YEAR 7 & 8

Session #1: Strengthening My Future

- **Create pathways:** Explore opportunities to support informed decision making
- **Dream big:** Express your dreams for the future and areas of interest and curiosity
- **Future dynamics:** Learn how life experiences and careers are connected and influence each other

Session #2: Exploring My Future Options

- **Non-traditional roles:** Discover unconventional and non-traditional work options
- **Career possibilities:** Explore a range of careers associated with a specific interest e.g. football
- **Growth mindset stories:** Hear about people who overcame adversity to achieve their goals
- **Making the link:** Consider future options that connect with your needs and values

DISCOVER

YEAR 9 & 10

*Session #1: Designing My Path**

- **Self-awareness and positive self-concept:** Learn how to maintain and be guided by a healthy self-image when making decisions
- **Career choices:** Understand self and agency in shaping a meaningful career and future
- **Career strategies:** Develop plans that consider knowledge of self and the evolving world of work

**SET planning and non-SET planning versions are available*

Session #2: Navigating My Journey

- **Discover diverse possibilities:** Learn how to expand (and not limit) your future options
- **Experiential work:** Understand how experiential work contributes to self-knowledge and future career decision making
- **Telling your story:** Build knowledge and resources to secure, create and maintain work (paid or unpaid) now and after school

BEYOND

YEAR 11 & 12

Session #1: Life Beyond School

- **Informed decision-making:** Use self-awareness, knowledge of options and decision-making tools to choose pathways that suit you
- **Employability skills:** Learn the importance of employability skills and effective resumes
- **Post-secondary options and transitions:** Acquire key skills and strategies to confidently move into further study or work

Session #2: The New World of Work

- **Understanding the emerging world of work:** Explore trends and predictions, grounded in the now but looking to the future
- **Adaptability:** Develop strategies to thrive amid global, work, community and personal contexts
- **Future planning:** Learn to access, navigate and apply career information, considering factors like the economy and job market
