

UniSQ

2022
Open Day
Ipswich and
Springfield

Sunday 14 August
10 am–2 pm

We're blazing trails to space and beyond

UniSQ has been named one of Australia's Trailblazer universities to accelerate growth in space manufacturing and lead a new research hub of national priority.

Out of six projects chosen to supercharge Australia's world-class research and innovation capabilities, UniSQ was named in half, making it the only university in Australia to be part of three initiatives.

UniSQ is already a world leader in space manufacturing and was awarded the \$50 million Trailblazer grant for the Innovative Launch, Automation, Novel Materials, Communications and Hypersonics (iLAUNCH) Hub. This Hub will develop a space manufacturing precinct in the region, provide \$3.65 billion in economic benefits, 20 000 jobs and develop a Space Engineering degree to ensure our expertise continues to grow.

UniSQ was also named as a partner in the University of Queensland-led Food and Beverage Accelerator project, and Deakin University's Recycling and Renewable Energy Commercialisation Hub (REACH) project.

Working collaboratively with partners, both locally and internationally, our research and training strives to deliver outcomes the world needs. And while the work we do stretches across a broad number of disciplines, our researchers are united by the same drive to deliver incredible progress.

Welcome to Country

The University of Southern Queensland acknowledges the traditional custodians of the lands and waterways where the University is located. Further, we acknowledge the cultural diversity of Aboriginal and Torres Strait Islander peoples and pay respect to Elders past, present and future.

Welcome

You've taken the next step to exploring your future here at the University of Southern Queensland. You are capable of incredible things, and you've come to the right place to make them happen. Here at UniSQ, you'll access excellence through our inspiring lecturers, speaking with current students, and having your questions answered. The brightest minds don't just know the answers – they're open to asking for support as well. Today is your opportunity to discover inspiring learning experiences and we'll be here to help you make the most of it.

There is double the value from UniSQ today, as you can visit both UniSQ Ipswich and UniSQ Springfield Open Days, just a free, 20-minute shuttle bus trip between the two campuses.

Top **five** things to do at today's UniSQ Open Day

1. Be inspired by excellence

UniSQ has been giving people access to inspiring learning experiences for more than 50 years. Meet our lecturers and researchers at the information booths, activities and talks, and get inspired for your future career.

3. See careers in action

There's nothing like experiencing something first-hand. Take part in hands-on activities, talks and tours to get a real taste for your potential future career.

2. Explore your future stomping ground

Research with real-world impact – that's what drives the way we think, innovate and act at UniSQ. Our researchers are backed by world-class facilities to help make progress possible. We have a one-of-a-kind flight simulator at Springfield or paramedical training facilities at Ipswich. Explore them all with our free campus shuttle bus between the Ipswich and Springfield Open Days.

4. Free career planning

What do you enjoy learning and what are you good at? Our Career Development Practitioners can help answer these questions to put you on the right career path.

5. Get the lowdown from our students

We're proud of what we do, but don't just take it from us. Our students are our biggest champions – meet with them today and find out why they chose UniSQ.

Academic Excellence Scholarships

Start taking steps towards incredible. You've worked hard at high school to achieve great results and we believe you should be rewarded.

The UniSQ Academic Excellence Scholarships are automatically awarded to eligible Year 12 Students who put UniSQ as #1 on their QTAC application for 2022 and achieve the required ATAR.

The best part? You don't even need to apply! If you're eligible, you'll automatically receive a scholarship offer, ranging from \$6000 to \$29 000.

Academic Excellence Scholarships include the Chancellor's Excellence Scholarship and Vice-Chancellor's Scholarship.

Get a Head Start on your study

You don't have to wait until you finish high school to start studying at UniSQ.

If you are you a motivated, high-achieving Year 10, 11 or 12 student, get set for the years ahead now!

Studying Head Start is all positive: your first Head Start course is free, and for every subject you pass, you'll receive QCE points and have fewer subjects to complete when you start your degree.

Visit the Head Start booth in the Library at Ipswich and Building B at Springfield.

Shuttle bus

UniSQ has three unique campuses with different offerings of programs and custom-built facilities, and you can access them all with our free campus shuttle bus service.

The service runs between Toowoomba, Springfield and Ipswich four times each weekday, including a stop at Plainlands each way.

You don't need to book; just take a seat, relax, enjoy the free wi-fi and we'll get you there in comfort.

Details on the shuttle bus times are available at **unisq.edu.au**.

iConnect

Have a question, but not sure who to talk to?

iConnect can help you connect with all the services you need while studying at UniSQ.

Our concierges are trained to help answer your questions and work closely with your Student Relationship Officers, teaching and professional staff, ICT, Library staff and many others to make sure you find the answer you need.

Visit iConnect in the Library at Ipswich and at the entrance to Building B at Springfield.

On-campus accommodation competition

Win an iPad Air (4th Generation), valued up to \$900 or one of 3 minor prizes of a Fitbit Charge 4 Advanced Fitness Tracker and GPS and JBL Harman Charge 4 Speaker (valued up to \$350 each).

Just visit the on-campus accommodation information booth at any UniSQ Open Day and register to win!

*Terms and conditions apply.

Register for UniSQ's Open Day for your chance to win a Beats Pill+ portable speaker*.

Career conversation

Our career development experts can help you discover where your interests and talents can take you in a free one-on-one, 10-minute session.

Come and see us at the Career Conversation booth in the Library at **UniSQ Ipswich** and Level 2, Building B at **UniSQ Springfield**.

Want more from UniSQ?

There are more inspiring staff, passionate students and world-class facilities at **UniSQ Toowoomba Open Day** on Sunday 21 August.

The Toowoomba campus is home to our Trailblazer project which will accelerate growth in space manufacturing and lead a new research hub of natural priority right in South East Queensland.

UniSQ Toowoomba also features a one-of-a-kind flight simulator, world-class Hypersonics Lab, performance theatre and archaeology lab.
