### Program aims

The program aims to enhance the practice of experienced nurses in the areas of rural and remote, gerontology, mental health, leadership and management in health or clinical education.

### Program objectives

On completion of the program, graduates should be able to:

- Display an advanced body of seminal, conceptual and data-based knowledge in nursing
- Communicate an advanced knowledge of research principles and methods applicable to health and nursing
- Review conceptual and data-based literature using cognitive and technical skills to critique, evaluate and identify best evidence to improve individual, community and population health outcomes
- Apply evidence-based decision-making to clinical, policy, education and/or practice situations
- Lead people and projects in diverse situations with a high degree of creativity, autonomy and accountability, demonstrating appropriate judgement and responsibility as an expert practitioner
- Communicate at a high level in interpersonal, inter-professional and intercultural situations with people of diverse ages, backgrounds and needs.
- Employ advanced skills in competent, caring and professional nursing practice.

## Program aims

### Clinical Education

The Clinical Education specialisation aims to prepare students to advance knowledge and skills to develop and manage clinical education programs and facilitate professional development and mentoring of students and peers within healthcare contexts.

### General

The General specialisation enables students to personalise the courses studied to suit their specific needs.

### Gerontology

The Gerontology specialisation aims to enhance students' knowledge and skills in caring for ageing clients in multiple settings.

### Leadership and Management in Health

The Leadership and Management in Health specialisation aims to develop the knowledge and skills necessary for leaders in healthcare

### Mental Health

The Mental Health specialisation aims to develop the knowledge and skills of students to enable them to care for mental health clients in multiple setting

### Rural and Remote

This program has been developed for registered nurses wishing to further their knowledge and advance their nursing skills in the area of rural and isolated practice. After completion of the Graduate Diploma or Masters, students will meet the legislative requirements to support the extended practice authority (EPA). Utilising Health Management Protocols and Clinical Care Guidelines outlined in the Primary Clinical Care Manual, clinicians in QLD and Victoria will have the ability to administer and supply medicines.

## Australian Qualifications Framework

The Australian Qualifications Framework (AQF) is a single national, comprehensive system of qualifications offered by higher education institutions (including universities), vocational education and training institutions and secondary schools. Each AQF qualification has a set of descriptors which define the type and complexity of knowledge, skills and application of knowledge and skills that a graduate who has been awarded that qualification has attained, and the typical volume of learning associated with that qualification type.

This program is at AQF Qualification Level 09. Graduates at this level will have specialised knowledge and skills for research, and/or professional practice and/or further learning.

The full set of levels criteria and qualification type descriptors can be found by visiting [www.aqf.edu.au](http://www.aqf.edu.au).

## Admission requirements

To be eligible for admission, applicants must satisfy the following requirements:

- Completion of an Australian university or equivalent three-year bachelor degree in the area of Nursing.
- Current Professional Registration as a Division 1 Nurse, or equivalent, with either Australian Health Practitioner Regulation Agency ([AHPPRA](http://www.ahpra.gov.au)) or relevant regulatory body in applicant's home country.
- English Language Proficiency requirements for Category 4.

### Rural and Remote specialisation

To be eligible for admission to the Master of Nursing (Rural and Remote) specialisation, applicants must provide written confirmation from the applicant's manager stating that they are currently employed as a Registered Nurse and can complete the required hours of clinical mentorship in their workplace.

All students are required to satisfy the applicable [English language requirements](#).

If students do not meet the English language requirements they may apply to study a University-approved [English language program](#). On successful completion of the English language program, students may be admitted to an award program.

## Requirements for professional experience placements

There are no clinical requirements in this program unless candidates select an approved course that contains a clinical requirement. Courses with a clinical requirement are not available to International students.

## Program fees

### Commonwealth supported place

A Commonwealth supported place is where the Australian Government makes a contribution towards the cost of a students' higher education and students pay a [student contribution amount](#), which varies depending on the courses undertaken. Students are able to calculate the fees for a particular course via the [Course Fee Finder](#).

Commonwealth Supported students may be eligible to defer their fees through a Government loan called [HECS-HELP](#).

### Domestic full fee paying place

Domestic full fee paying places are funded entirely through the full fees paid by the student. Full fees vary depending on the courses that are taken. Students are able to calculate the fees for a particular course via the [Course Fee Finder](#).

Domestic full fee paying students may be eligible to defer their fees through a Government loan called [FEE-HELP](#) provided they meet the residency and citizenship requirements.

Australian citizens, Permanent Humanitarian Visa holders, Permanent Resident visa holders and New Zealand citizens who will be resident outside Australia for the duration of their program pay full tuition fees and are not eligible for [FEE-Help](#).

### International full fee paying place

International students pay full fees. Full fees vary depending on the courses that are taken and whether they are studied on-campus, via distance education/online. Students are able to calculate the fees for a particular course via the [Course Fee Finder](#).

## Program structure

The program consists of 12 units comprised of:

- Four core courses ([HSC8050 Research Methodology for the Human Sciences](#), [HSC8060 Research Project Design](#), [NUR8060 Health Policy Analysis and Review](#) and [HEA8001 Contexts of Practice](#)); plus
- Four units from the relevant specialisation; plus
- Four units either from the specialisation or approved courses. Two of these are:
  - research project courses for the Research Pathway ([HSC8070 Health Masters Project A](#) and [HSC8080 Health Masters Project B](#)); or
  - courses for the Clinical Pathway ([NUR8075 Research Implementation Project](#) and approved specialisation course)

## Program completion requirements

To qualify for the award of Master of Nursing, a candidate must complete or be exempted from courses with a total value of twelve units, subject to the following.

Of the units counted to qualify for the award:

- (1) at least six units shall be for courses completed at USQ

- (2) Twelve units shall be for postgraduate (Level 5 or 8) courses, to be completed according to the compulsory courses listed for each specialisation and electives approved by the Program Director.

All courses listed under each specialisation must be successfully completed or exempted to successfully graduate with Master of Nursing.

## Required time limits

Students have a maximum of 5 years to complete this program.

- + ANP5002 is only available to students who hold current Division 1 nursing registration with the Australian Health Professional Registration Authority (AHPRA) and are located in Australia.
- \* Clinical component
- # This course has a mandatory residential school

## IT requirements

Students should visit the USQ [minimum computing standards](#) to check that their computers are capable of running the appropriate software and versions of Internet web browsers and to check the minimum and recommended standards for software.

## Residential schools

The attendance requirement of residential schools within this degree is indicated by the following letters: R = Recommended; HR = Highly Recommended; M = Mandatory. To find out more about [residential schools](#), visit the [Residential School Schedule](#) to view specific dates for your degree, or visit the [Policy and Procedure Library](#).

The attendance requirement of residential schools within this degree is indicated by the following letters: V = Voluntary; O = Optional; C = Compulsory; R = Recommended; HR = Highly Recommended; M = Mandatory. To find out more about residential schools, visit the Residential School Schedule to view specific dates for your degree, or visit the Policy and Procedure Library. The Mental Health specialisation contains two mandatory residential schools.

The mandatory residential schools will be held at Ipswich, or Toowoomba campus.

- [COU8103 Counselling Issues and Contexts](#)
- [COU8101 Counselling Skills and Applications](#)
- [COU8104 Counselling Frameworks](#)

## Articulation

Students completing the research pathway of the Master of Nursing will articulate to a PhD dependant on their acceptance into the [DPHD Doctor of Philosophy](#) program

## Related programs

The Master of Nursing is part of a nested program including [GDNG Graduate Diploma of Nursing](#) and [GCNG Graduate Certificate of Nursing](#).

## Exit points

Students enrolled in the Master of Nursing program who wish to exit without completing the program may be awarded the [GDNG Graduate Diploma of Nursing](#) if they have successfully completed or obtain credit/exemptions for all eight courses listed under the specialisation or the [GCNG Graduate Certificate of](#)

**Nursing** if they have successfully completed or obtain credit/exemptions for all 4 courses listed under the specialisation

## Credit

Candidates must complete at least six units of courses offered by USQ whilst enrolled in this program so at most six units of exemptions may be applied for on the basis of approved relevant study undertaken at USQ, other universities or the Australian College of Nursing.

## Other information

Students selecting the Rural and Remote courses [ANP8008 Diagnostics and Assessment](#), [ANP8009 Pharmacokinetics and Pharmacology for Scheduled Medicines](#) and [ANP8010 Situational Practice: clinical and critical decision making skills](#) must have and produce certified copies of annual medication competency certification. These courses are only available for students from Australia as they are specific to the Australian context.

## Enrolment

### Part-time enrolment

This program is only offered as a part-time enrolment pattern of up to two (2) courses in each semester.

Mid-Year – Students may commence the program in Semester 2 as per the recommended enrolment pattern, however in some instances may not be able to complete within four semesters. Refer to recommended enrolment pattern.

## Clinical Education specialisation (research Pathway) Recommended enrolment Pattern Semester 1 entry part time

Students are able to enrol in any offered mode of a course (on-campus, external or online), regardless of the program mode of study they enrolled in.
