Professional accreditation

The Human Resource Management major accredited by the [Australian Human Resources Institute \(AHRI\)](#).

The Counselling major will contribute towards [Psychotherapy and Counselling Federation of Australia \(PACFA\)](#) eligibility: if students attend the voluntary residential schools within the Bachelor of Science Counselling major, their attendance will be recorded so their attendance will meet a proportion of the required number of hours of face-to-face instruction/tuition for eligibility to join a PACFA affiliate upon graduation. Students not attending the residential school will not accrue any hours toward eligibility to join a PACFA affiliate upon graduation.

Finance major graduates will meet the educational entrance requirements to become a member of the [Financial Services Institute of Australasia \(FINSIA\)](#).

The Psychology major is fully accredited by the [Australian Psychology Accreditation Council](#).

Program aims

Bachelor of Business

Our graduates pursue versatile roles across various industries and at all levels. They are driven and creative, reflective in their practice, and eager to contribute to their communities. They are autonomous, culturally aware, and ethically responsible new professionals who confidently balance the interests of a variety of stakeholders and communicate broad specialist advice with credibility. They courageously ask difficult

questions, are comfortable working in cross-functional teams and dynamic landscapes, and exhibit the human capabilities to influence change positively.

Bachelor of Science

The Bachelor of Science is an undergraduate qualification consisting of 24 units, taught in English, which normally takes three years of full-time study or part-time equivalent. The program structure requires successful completion of a twelve or eight unit major in a chosen discipline, four units of foundation study courses and either a second major or elective courses. The Bachelor of Science is located at Level 7 of the Australian Qualifications Framework.

Program objectives

On successful completion of the Bachelor of Business and Bachelor of Science double degree, graduates need to meet the program objectives of both disciplines.

Bachelor of Business

- Work autonomously and collaboratively to contribute to organisational initiatives by selecting and applying relevant theory to analyse and generate solutions to dynamic issues and changing landscapes.
- Evaluate inputs from various sources and stakeholders to ensure that the interests of others, including organisational, societal, environmental, and professional expectations, are recognised.
- Evaluate digital technologies, mechanisation, computerisation, and/or automation to support current and future business processes in the relevant domain of specialist expertise.
- Communicate broad-level specialist advice to others to build professional credibility.
- Exercise professional judgement using critical and reflective thinking and self-directed learning to continue developing as a self-reliant, ethical, and responsible professional.
- Leverage a well-developed professional identity by exhibiting the human capabilities and knowledge demanded by modern organisations.

Bachelor of Science

- exhibit a broad and coherent knowledge base, with a level of depth in one or more science disciplines, suitable to undertake professional work and/or further study
- apply a range of cognitive and technical skills which reflect the underlying principles of one or more science disciplines
- display well developed cognitive, technical and communication skills to select and apply relevant methods and technologies and present information to a range of audiences
- critically analyse, consolidate and evaluate information to construct and implement solutions to unpredictable and complex problems
- work autonomously and collaboratively to construct and implement problem solving paradigms to address relevant issues
- apply well directed judgement and responsibility, in diverse contexts, which are consistent with the social, moral and legal responsibilities of professional scientists.

Admission requirements

To be eligible for admission, applicants must satisfy the following requirements:

- The specified minimum entry requirement as determined by Australian Tertiary Admission Rank (ATAR), or equivalent qualification.[^]
- English Language Proficiency requirements for Category 2.

Applicants for admission to the Bachelor of Business and Bachelor of Science double degree must satisfy the requirements for admission to the [Bachelor of Business](#) and the [Bachelor of Science or Bachelor of Science \(Psychology\)](#).

All students are required to satisfy the applicable [English language requirements](#).

If students do not meet the English language requirements they may apply to study a University-approved [English language program](#). On successful completion of the English language program, students may be admitted to an award program.

^ These are determined by the University for specific programs each Semester. The 2023 ATAR and tertiary entrance ranks are based on agreed QTAC schedules which assess formal study at Year 12 or [equivalent level](#), tertiary, preparatory, professional or vocational qualifications or work experience, as detailed in the QTAC Assessment of Qualifications Manual and QTAC Assessor Guidelines.

Adjustment factors may help you get into the program of your choice by increasing your entrance rank. The additional points don't apply to all applicants or all programs. Please read the information about UniSQ's [Adjustment Factors](#) carefully to find out what you may be eligible for.

Program fees

Commonwealth supported place

A Commonwealth supported place is where the Australian Government makes a contribution towards the cost of a students' higher education and students pay a [student contribution amount](#), which varies depending on the courses undertaken. Students are able to calculate the fees for a particular course via the [Course Fee Schedules](#).

Commonwealth Supported students may be eligible to defer their fees through a Government loan called [HECS-HELP](#).

Domestic full fee paying place

Domestic full fee paying places are funded entirely through the full fees paid by the student. Full fees vary depending on the courses that are taken. Students are able to calculate the fees for a particular course via the [Course Fee Schedule](#)

Domestic full fee paying students may be eligible to defer their fees through a Government loan called [FEE-HELP](#) provided they meet the residency and citizenship requirements.

Australian citizens, Permanent Humanitarian Visa holders, Permanent Resident visa holders and New Zealand citizens who will be resident outside Australia for the duration of their program pay full tuition fees and are not eligible for [FEE-Help](#).

International full fee paying place

International students pay full fees. Full fees vary depending on the courses that are taken and whether they are studied on-campus, external or online. Students are able to calculate the fees for a particular course via the [Course Fee Schedules](#).

Program structure

The Bachelor of Business and Bachelor of Science double degree consists of 32 courses as follows:

Area of study	Total units
Core courses	11 units
Business major	one 8–unit major from the Bachelor of Business
Science major*	one 8–unit major and 5 electives; or one 12–unit major and 1 elective from the Bachelor of Science or Bachelor of Science (Psychology)
Total	32 units

Footnotes

* Students cannot enrol in a 16-unit major.

Program completion requirements

To be eligible to graduate with two awards, the [Bachelor of Business](#) and the [Bachelor of Science or Bachelor of Science \(Psychology\)](#), students must have successfully completed 32 units in total. This includes 11 core units, one 8-unit major from the [Bachelor of Business](#), and one 8-unit major and 5 electives; or one 12-unit major and one elective from the [Bachelor of Science or Bachelor of Science \(Psychology\)](#).

Required time limits

Students have a maximum of 9 years to complete this program.

Core courses

Course	Semester of offer Distance/Online	Semester of offer Toowoomba campus	Semester of offer Springfield campus	Semester of offer Ipswich campus
Compulsory core courses:				
ACC1201 Data Insights and Financial Performance[£]	1, 2	1, 2	1, 2	
CIS1000 Digital Disruption[£]	1, 2	1, 2	1, 2	
ECO1002 Market Behaviour	2	2	2	
FIN1100 Commercialisation	1, 2	1, 2	1, 2	
MGT3303 The Equipped Graduate	1, 2	1, 2	1, 2	
MGT1101 Human Capabilities for Business[£]	1, 2, 3	1, 2	1, 2	
MKT1100 Customer Experience[£]	1, 2	1, 2	1, 2	
MGT1001 Cultivating Talent	1	1	1	
Select three of the following core courses (based on Science major selection):				
CMS1000 Communication and Scholarship (final offer Semester 1 2023) or HAC1000 The Skilful Communicator[£] (first offer Semester 2 2023)	1, 2, 3	1, 2	1, 2	
CSC1401 Foundation Programming[£]	1, 2, 3	1, 2, 3	1, 2	

CSC2410 Computational Thinking with Python	2	2	2	
MAT1101 Discrete Mathematics for Computing	1	1	1	
CMS1100 Communicating in the Sciences	1, 2	1		
SCI1001 Succeeding in Science	1	1		
MAT1100 Foundation Mathematics	2	2	2	
PSY1030 Cross-Cultural and Indigenous Psychology	2, 3	2		2

Footnotes

£ In Semester 3, 2023 this course will be delivered as a Transition (9 week) semester, commencing on 13 November 2023 and concluding on 12 January 2024

Science core courses by major

In general, core courses will be selected according to major as follows except with the permission of the Program Director.

	Computing, Information Technology	Mathematics and Statistics, Mathematics, Statistics and Physical Sciences	Agricultural Science, Environment and Sustainability, Food Science, Human Physiology, Biology, Wine Science [^]	Counselling and Psychology
Communication Studies	CMS1000 Communication and Scholarship (final offer Semester 1 2023) or HAC1000 The Skilful Communicator [£] (first offer Semester 2 2023)	CMS1100 Communicating in the Sciences	CMS1100 Communicating in the Sciences [*]	CMS1000 Communication and Scholarship (final offer Semester 1 2023) or HAC1000 The Skilful Communicator [£] (first offer Semester 2 2023)
Enabling Studies 1	CSC1401 Foundation Programming [£]	SCI1001 Succeeding in Science	SCI1001 Succeeding in Science	SCI1001 Succeeding in Science
Enabling Studies 2	MAT1101 Discrete Mathematics for Computing	CSC2410 Computational Thinking with Python	MAT1100 Foundation Mathematics ^{^#}	PSY1030 Cross-Cultural and Indigenous Psychology

Footnotes

- ^ If students do not have the recommended Mathematics B level for entry then they will be required to undertake [MAT1000 Mathematics Fundamentals](#) as an elective before they attempt [MAT1100 Foundation Mathematics](#).
- £ In Semester 3, 2023 this course will be delivered as a Transition (9 week) semester, commencing on 13 November 2023 and concluding on 12 January 2024
- * Students can study [HAC1000 The Skilful Communicator](#) online instead of [CMS1100 Communicating in the Sciences](#) in Semester 3.
- # This course is equivalent to MAT1500 .

Students must select one 8-unit major from the [Bachelor of Business](#)

Students must select one 8–unit major and 5 electives; or one 12–unit major and 1 elective from the [Bachelor of Science or Bachelor of Science \(Psychology\)](#)

IT requirements

For information technology requirements please refer to the [minimum computing standards](#).

Other program requirements

Students must maintain good standing in this program. Please refer to the [Academic Standing, Progression and Exclusion Procedure](#).

Articulation

This program does not articulate with any other program.

Exit points

Students may, upon application, exit from the Bachelor of Business and Bachelor of Science double degree with a lesser qualification, provided that they have met all the requirements of that lesser qualification.

Credit

Candidates for admission to the Bachelor of Business and Bachelor of Science double degree may be eligible for up to 16 units of credit based on successful completion of relevant, equivalent undergraduate study from a recognised university.

Note: where credit is granted, maximum and minimum duration will be adjusted in the same proportion as credit, for example, where the maximum of 16 units of credit is approved, maximum time will be 4.5 years and minimum time will be four semesters.

Recommended enrolment pattern

Students should seek assistance from the relevant Program Directors to appropriately manage their enrolment plan.

Course	Year of program and semester in which course is normally studied						Enrolment requirements
	On-campus (ONC)		External (EXT)		Online (ONL)		
	Year	Sem	Year	Sem	Year	Sem	
MGT1101 Human Capabilities for Business [£]	1	1			1	1	Enrolment is not permitted in MGT1101 if MGT1000 has been previously completed.
Course 1 Science core	1	1			1	1	
CIS1000 Digital Disruption [£]	1	1			1	1	
Course 2 Science core	1	1			1	1	
Course 3 Science core	1	2			1	2	
ECO1002 Market Behaviour	1	2			1	2	Enrolment is not permitted in ECO1002 if ECO1000 has been previously completed
MKT1100 Customer Experience [£]	1	2			1	2	Enrolment is not permitted in MKT1100 if MKT1001 has been previously completed (except for Marketing Major students they need to complete MKT1100 and MKT1001

Course	Year of program and semester in which course is normally studied						Enrolment requirements
	On-campus (ONC)		External (EXT)		Online (ONL)		
	Year	Sem	Year	Sem	Year	Sem	
ACC1201 Data Insights and Financial Performance [£]	1	2			1	2	Enrolment is not permitted in ACC1201 if ACC1101 has been previously completed
Course 1 Business major	2	1			2	1	
MGT1001 Cultivating Talent	2	1			2	1	
FIN1100 Commercialisation	2	1			2	1	
Course 2 Business major	2	1			2	1	
Course 1 Science major	2	2			2	2	
Course 2 Business major	2	2			2	2	
Course 2 Science major	2	2			2	2	
Course 4 Business major	2	2			2	2	
Course 3 Science major	3	1			3	1	
Course 5 Business major	3	1			3	1	
Course 4 Science major	3	1			3	1	
Course 5 Business major	3	1			3	1	
Course 4 Science major	3	2			3	2	
Course 6 Business major	3	2			3	2	
Course 5 Science major	3	2			3	2	
Course 7 Business major	3	2			3	2	
Course 6 Science major	3	2			4	1	
Course 8 Business major	3	2			4	1	
Course 7 Science major	4	1			4	1	
MGT3303 The Equipped Graduate	4	1			4	1	Pre-requisite: Students must have completed a minimum of 16 units prior to enrolling in this course
Course 8 Science major	4	1			4	1	
Course 9 Science major/Elective	4	1			4	1	
Course 10 Science major/Elective	4	2			4	2	
Course 11 Science major/Elective	4	2			4	2	
Course 12 Science major/Elective	4	2			4	2	
Elective	4	2			4	2	

Footnotes

£ In Semester 3, 2023 this course will be delivered as a Transition (9 week) semester, commencing on 13 November 2023 and concluding on 12 January 2024
